11-075		Danny Crenshaw, Law Firm	9/1/11	(1) Does the linked Group to said grant application have now, or did it ever have, the claimed and required matching funds in place at the time of the grant application? a. How much of the grant matching funds have the recipients provided to date? b. What is the outstanding balance of the said grant matching funds that the recipients are required to provide if any?	MRP						9/29/11											CLOSED	9/11-labeled with requester, told him of link on website to Trillion information and explained that questions are not a proper FOIA request.

(2) Did the linked Group have at the time of the application the ISF that they claimed to have?

- a. Do they have ISF's that have been reported to date?
 b. Do they have the key for the linked Group, Land Vancor, have a vested interest or a fiduciary relationship other than as an attorney in any of the Companies listed as recipients or sub-recipients?
 c. Did the said Land Vancor have a prior interest in any other Company that has a principal or contractor interest in the project under the basis of the said grant application?
 d. Who is the current NTIA project director and what is the hierarchy or chain of command at the NTIA as it relates to this particular project?
 e. Why have there been no responses to the multiple inquiries about the status of said project by interested parties to include my client, Mr. Larence Stigall, CEO of Cooperative Economic International, Inc? You email and telephone calls?
 f. If it is given through Court litigation that the content of the said proposal and project actually belongs to another group or entity is the NTIA amenable to discussing alternatives to keeping the applicable funds in Alabama's depressed and much needed region for the residents to be served by said property?

9/21/11 e-mailed requester the website link and gave instructions for proper FOIA request.

9/16/11 Sent a follow up email to be sure that the original was received and to notify the requester that FOIA will be closed if we do not hear back further.
