17-F-0464	Shaver, Andrew	-	PAL	1/24/2017	-	-	We are writing pursuant to the Freedom of Information Act (5 U.S.C. § 552) and wish to request a copy of the data used in the report "Investing in the Fight – Assessing the Use of the Commander's Emergency Response Program in Afghanistan." 1) Background and Request: The Office of the Secretary of Defense for Cost Assessment and Program Evaluation and the Office of the Secretary of Defense for Policy co-sponsored a RAND Corporation report "Investing in the Fight – Assessing the Use of the Commander's Emergency Response Program in Afghanistan" (see: http://www.rand.org/pubs/research_reports/RR1508.html). The report is based on the quantitative analysis of various datasets, which are listed in Table 7.1 of the report, "Summary of Quantitative Data Used," and include LandScan; Nightlights; NDMI; SIGACTS; BFT (Blue Force Tracker); and Intelligence. We wish to request a copy of the datasets (which, collectively, we assume, would make up a single panel dataset that could be supplied as a single file (again, presumably, as a .csv, .xls, .dta, .R, or similar data file type) by the report's authors) used to carry out the analyses, the results of which are presented in the report. If some characteristic(s) of the requested dataset(s) would restrict release of the full dataset(s), then we would kindly request the largest subset of the dataset(s) that can be released. I am looking for any and all records which contain the overall costs incurred by the Department of Defense for providing prosthetic and orthotic devices to servicemen (active duty, personnel treated by the DoD, and veterans) who are amputees and treated at DoD medical centers. Specifically, costs and amounts billed on a per-patient basis for the fitment of the device with a prosthetist, the cost of the check sockets, and the cost of the definitive laminated sockets whether fabricated on-site or by a central fabrication facility. We would also like the total costs on a per-patient basis that were expended for the entire prosthetic care administered to the patient. I would also like to know the medical codes associated with a prescription of a prosthetic or orthotic device. We are most interested in information from the Brooke Army Medical Center and Walter Reed Army Medical Center. VMASC is in the process of expanding its capabilities in the simulation of homeland security response and recovery CONOPS. Based on unclassified briefings we have seen, we understand that JAS has considerable capabilities to portray air, land, and sea routes, move supplies on and off roads, track most platforms and supplies from their point of origin to their final use, and utilize explicit communications to submit requirements and coordinate deliveries. Furthermore, it is one of only a few large scale models that we know of that explicitly represents civilians as their own side with unique requirements for sustainment, support, and security. Consequently, we are submitting a simple FOIA request for a copy of the unclassified JAS source code, unclassified documentation, available environmental files, and any unclassified scenarios that are available on the CDs stored at JDS. We would like this information as copies of the unclassified CDs stored at the JDS office and not as printed material. 17-F-0694	Giger, Deloris	-	PAL	3/13/2017	9/7/2017	Denied in full	Request information governing the DoD Wounded Warrior Programs. It was brought to my attention that a legal opinion from OSD stated individuals who have been Permanently Retired (PDRL) due to medical reasons are no longer funded by OSD for participation in the DoD Warrior Games and any events such as adapted sports camps, etc. Individuals who are still on Active Duty (AD) and those individuals on the Temporary Disability Retirement List (TDRL) are still authorized funding by OSD to participate in these events. My concern is individuals who are PDRL are being unjustly singled out from participating in events that help them to not only heal themselves, but helps others who are just beginning the journey of being injured while serving in the military. I request a copy of this legal opinion as well as any reasoning on why PDRL individuals are not funded.

17-F-0733	Kim, Claudia	-	PAL	3/23/2017	-	-	Dear FOIA officials and Defense Manpower Data Center (DMDC) officials, I am a doctoral candidate at Boston University. I am looking into the number of American troops and civilian personnel at various US bases and installations in South Korea and Japan, for research purposes. I have checked all DoD Base Structure Reports, which I believe are available for fiscal years 1999 and 2001-2015 as of now. What I noticed is that there is no personnel info listed for bases in South Korea and Japan for 2000 and 2013, which creates a serious missing data problem for research purposes. Existing reports are also inconsistent in terms of which bases' personnel information is listed, further creating missing data problems. Therefore, I would like to request information on personnel numbers (preferably categorized into active duty, reserve and civilian, or just the total number of all personnel) for each of the following installations and bases for following years: South Korea 1. 17-F-0867	Coffey, Jonathan	BBC	PAL	4/26/2017	-	-	<p>We are asking for a review of information held by SOUTHCOM, JTF-GTMO, the Office of Detainee Policy, and any other DOD office that holds records relevant to the detention and ultimate release of the British detainees. We are most particularly interested in the cases of Moazzam Begg and Shaker Aamer, and seek the release of any / all information in their files pertaining to their involvement in terrorist activities (to include training camps, facilitating the movement of money and individuals to support terrorist activity, and analysis or judgement by US or UK officials regarding the potential threat they posed prior to capture as well as if transferred from US custody). We also seek any / all information regarding their behavior in the camps, specifically with regard to their making threats against the U.S. and UK specifically and the West in general as well as statements in support of jihad and radical Islam. We are particularly interested in the following: 1. Any signed statements of "confession" by Moazzam Begg including statements given to the FBI in Bagram in 2002 and Guantanamo Bay in 2003. The latter statement contains initials and amendments by Begg, which the OIG concluded supported its veracity. 2. Any transcripts and or video / audio of the interviews / interrogations with Begg that formed the basis of his statements to the FBI. 3. Any evidential material (including but also in addition to Begg's testimony) linking Begg to the Derunta camp. 4. Begg was reportedly arrested in early 2002 at an al-Qaida safe house in Islamabad. Police found in Begg's house not only the family of an al-Qaida operative, but also military and passport materials. Is there any possibility of our getting sight of some of the raw evidence, e.g., photos / video material? Also, who was the al-Qaida operative whose family was staying in Begg's house? 5. In 2001, Western journalists visited the Derunta camp after it had been deserted. Some reported seeing there a photocopy of a money transfer in sterling asking a London branch of the Pakistani firm Union Bank to credit an account in Karachi held by Moazzam Begg. Is there any photographic evidence of this that we could see 6. Any references to Moazzam Begg and / or his advocacy group Cage in the documentation seized during the US raid on Osama Bin Laden's compound in Abbottabad. 7. Any further evidence linking Moazzam Begg to al-Qaida. 8. In June 2004, Begg told the Army's Criminal Investigative Division that he had not been criminally assaulted, restrained, chained, or subjected to sleep deprivation while in US custody. Is there any possibility of our seeing this document? 9. DOD reports claim that prior to his arrest in the early 2000s, Shaker Aamer was found with a fake Belgian passport. Is there any document or photograph that we might be able to access to support this? 10. We are interested in Shaker Aamer's past statements on the subjects of jihad and attacks against the West. Can DOD provide us with any evidence, e.g., quotations from Aamer's phone / Skype conversations or conversations with other detainees, that is especially revealing on this point? Transcripts and video / audio would be ideal. (Date Range for Record Search: From</p>

We are most interested in information related to the numerous battles and conflicts that American veterans have participated in, and in data related to the various American military bases around the globe. The Department of Defense's 'Base Structure Reports' have been an immense help in understanding these data sets thus far. For the purposes of our project, however, it would be ideal to have the information contained within the Base Structure Reports as an XLS or CSV file, ideally covering the last few decades. Would it be possible for you to help us acquire the data in this format, or to pass my information on to someone who could? We are also interested in a comprehensive list of battles and conflicts pertaining to the American military as well, if that is a possibility.

17-F-1333	Ferranti, Matthew	Harvard University	PAL	7/24/2017	-	-	I am submitting this FOIA request regarding records in the possession of DARPA. I understand that DARPA has a program called "Memex" in which DARPA is archiving information from the dark web. Here is a recent news article that describes the Memex program: https://www.defense.gov/News/Article/Article/1041509/darpa-program-helps-to-fight-human-trafficking/ For my own research purposes, I am requesting all archived text that Memex has obtained from the dark web. In particular, my request also includes text unrelated to human trafficking, since I am interested in modeling other types of illicit activity. I am NOT requesting images, movies, or music. I realize that the dark web information may exist in an unstructured format, and may be very large in size (multiple gigabytes). I will consider my request fulfilled if I receive online access to an existing database where this information is stored, or if I receive a copy of this information on digital storage media. 17-F-1341	Wallace, Gemma	Arizona Coalition for Military Families	PAL	7/24/2017	-	-	I am writing to enquire about the availability of up-to-date self-inflicted death data for the military. This table: WORLDWIDE U. S. ACTIVE DUTY MILITARY DEATHS Comparison of Military Personnel Strength and Manner of Death (Total, Army, Navy, Air Force, Marine Corps) [https://www.dmdc.osd.mil/dcas/pages/Documents/WWT.pdf] ...from the DCAS website has stats up to 1999, but I really need more recent figures (as recent as possible). Also, if the stats in the afore-mentioned table have been updated since it was published, please could I get the updated figures for those as well. Specifically I am wanting the columns for the 'Year', 'End Strength', 'Total Deaths', 'Self-Inflicted', and 'Self-Inflicted per 100,000' for each table (total, army, navy, air force and marine corps). I don't need data for the other columns. I am an AmeriCorps VISTA member serving at the Arizona Coalition for Military Families. I am setting up a performance measurement system for our new Be Connected program (resulting from the SAV 'Clay Hunt' Act), which connects veterans and military personnel in Arizona with state-specific mental health services in order to prevent/reduce suicides in those communities. I am attempting to locate state-wide and US-wide self-inflicted death data so I will be able to compare current US vs Arizona trends with post-program implementation US vs Arizona trends. Please could you let me know if it would be possible to obtain this information from you. Also, would it be possible to waive the \$25 fee? I do not currently have permission to pay anything. 17-F-1489	Petkun, Jonathan	MIT Dept. of Economics	PAL	8/16/2017	-	-	I would like to request information pertaining to military housing allowances. I have two main requests: 1) I would like to request Variable Housing Allowance (VHA) rates for 1997. The DTMO website has PDF files of BAH and VHA rates since 1995 (http://www.defensetravel.dod.mil/site/pdcFiles.cfm?dir=/All owances/BAH/PDF/), but 1997 seems to be missing. I am seeking 1997 VHA rates by rank and military housing area (MHA), for members both with and without dependents. Any digital form of data is preferable (e.g. CSV files, PDF files, etc.), but even scanned hard copies would be sufficient. I spoke with a contact at DTMO, and they informed me that they had lost the 1997 records. However, she thought that DFAS or another agency might still have access to the records. 2) I would like to request data on the DoD's estimates of local housing costs since at least 1995 (until present). More specifically, Title 37 of the U.S. Code (Section 403) states that "the Secretary of Defense shall prescribe rates of the BAH that are applicable for the various military housing areas in the United States. The rates for an area shall be based on the costs of adequate housing determined for the area..." I am seeking these "cost of adequate housing" estimates for each year, rank, and MHA, for members both with and without dependents. I am aware that DTMO's BAH Primer (http://www.defensetravel.dod.mil/Docs/perdiem/BAH-Primer.pdf) provides some background information on how local housing costs are determined, but for the purposes of my research, I would like to see the actual adequate housing cost estimates. I hereby request all such reports created by the DOD from January 1, 2015, to the present. Further, I ask that these documents be sent to me in any digital formats in which they exist, such as PDF. 17-F-1563	LIU, ZHAOKUN	DEPARTMENT OF HISTORY, CARNEGIE MELLON UNIVERSITY	PAL	9/7/2017	-	-	I am requesting three identification reports created by the Defense POW/MIA Accounting Agency for my PhD dissertation research which delves into the progress of forensic sciences in solving the MIA cases, especially after the DNA technology is available. As I am not a relative to any missing personnel, I could not get the reports directly from the military. Thus, I have to file FOIA requests (and I have seen such successful requests on the OSD/JD FOIA website). Unfortunately, I am not sure about the serial numbers of these reports. I can only provide the information of the deceased servicemen that are described in those identification reports. Before filing this FOIA request, I have visited the National Personnel Record Center. However, their identification reports (which are created less than 30 years ago) are not available over there. As far as I know, the identification reports created in recent decades have not been added to individual deceased personnel files (those now becoming archived files opened to non-relatives) yet.
