I have noticed that several letters, documents, and even a newly ordered drivers license has not shown up in the mail at my new location. If it is possible could I find out where any and all mail is either being delivered too for me and my family members. I can provide any information needed to facilitate this request, I'm not familiar with the steps in tracking down this sort of thing, but saw the link when setting up mail forwarding thought I'd give it a shot. If any questions, or if there is a different process to obtaining that info feel free to contact me. Thank you. Shaun Bolin	Other Reasons

10/08/2010	2011-FPRO-00020	Jordan, John	I am investigating a 02/21/2001 traffic citation issued to (b)(6) (b)(6) At the end of the court document is a reference to a 1/9/2006 request by the USPS to receive a copy of the information on this case. The request on the court document states: Copy of disposition sent to US Postal/Inspection Service per request received by mail to (b)(6) (the rest of the last name is cut off) (b)(6) from Div 2. My questions are: Why did the USPS want information on this case? I know that (b)(6) was, at least in the mid-1990's, a USPS employee (I believe in the Detroit area) and was dismissed. He sued and lose through appeal. Was this in any way related to this case? Is there another case (or was there in 2006) related to (b)(6) and the USPS? Thank you.	Other Reasons

			<p>have been retrieved, please search for records responsive to paragraph 2. Once the records described in paragraph 2 have been retrieved, please search for records responsive to paragraph 3. Records responsive to paragraph 3 include e-mail messages, as well as any records created before, on, or after the date on which the moratorium was implemented that discuss or refer to the actual or potential implementation or existence of a moratorium on changes in collection times. In addition, pursuant to 39 C.F.R. § 265.7(a)(3), I am electing to advise you that I am seeking these records to allow me to evaluate collection service to determine the extent to which the Postal Service is complying with a moratorium implemented on or about June 8, 2010, that prohibits changes in collection times to an earlier time of day. At this time, I am not willing to pay any fees for the provision of these records. According to FOIA, fees shall not be charged for the first 100 pages of duplication or the first two hours of search time. If fees will need to be charged, please notify me in advance. If fees for search time will need to be charged, please provide the records retrieved after a two-hour search at the time that you provide the fee estimate. If the Postal Service will charge me any fees for providing paper copies of the records, I request the records in a PC-readable electronic format if the fees for providing the records in a PC-readable electronic format would be lower than the fees for providing paper copies of the records. One of possibly many acceptable PC-readable electronic formats would be one or more files in PDF format, provided to me on a CD-ROM. I look forward to receiving the records that I have requested within 20 working days of the date on which you receive this request, as FOIA requires. Please contact me if you need to clarify any part of my request. Thank you for your time.</p>

01/28/2011	2011-FPRO-00366	McElhatton, Jim	copy of the 10-year renewal agreement between Imagitas Inc. and the US Postal Service regarding the MoverSource Alliance program, which was announced in a January 2011 press release by Imagitas Inc. that quoted the Postmaster General. A copy of the announcement can be found at: http://www.imagitas.com/news/ As a representative of the news media I am only required to pay for the direct cost of duplication after the first 100 pages. This information is being sought on behalf of The Washington Times for dissemination to the general public. Please waive any applicable fees. Release of the information is in the public interest because it will contribute significantly to public understanding of postal operations and activities. According to the statement from Imagitas, USPS has received more than \$300 million in revenue since the inception of the MoverSource program and, prior to the program, it had been spending millions of dollars to execute the change of address program. Further details about this initiative and revenue generated would be of public interest, particularly given the financial situation at USPS in recent years. If my request is denied in whole or part, I ask that you justify all deletions by reference to specific exemptions of the act. I will also expect you to release all segregable portions of otherwise exempt material. I, of course, reserve the right to appeal your decision to withhold any information or to deny a waiver of fees. As I am making this	Granted/Denied in Part

05/31/2011	2011-FPRO-00816	Carlson, Douglas	Re: Freedom of Information Act Request 2 FY10-11 Request #9 Pursuant to the Freedom of Information Act (FOIA), I request: 1. For March 25 and 26, 2011, records indicating the time(s) of day when a postal employee collected mail from the lobby drop and collection boxes located at the Airport Mail Center at JFK Airport in Jamaica, New York (the location ID numbers are 1143000052, 1143000053, and 1143000067); 2. Records relating to one or more instances in March 2011 in which a collection point identified in paragraph 1 was not collected at or after the final posted collection time; 3. Records relating to one or more instances in which EXFC test mail was deposited in a collection box under the jurisdiction of the Jamaica post office on a particular day but was not postmarked until one or more days later. At this time, I am not willing to pay any fees for the provision of these records. According to FOIA, fees shall not be charged for the first 100 pages of duplication or the first two hours of search time. If the search would exceed two hours, please conduct a two-hour search for records in the order listed above if a search in this order would reduce the fees that the Postal Service might seek to assess to process this request. Please provide the records located during that two-hour search and estimate the cost to continue the search. If the Postal Service will charge me any fees for providing paper copies of the records, I request the records in a PC-readable electronic format if the fees for providing the records in a PC-readable electronic format would be lower than the fees for providing paper copies of the records. One of possibly many acceptable PC-readable electronic formats would be one or more files in PDF format, provided to me on a CD-ROM. I look forward to receiving the records that I have requested within 20 working days of the date on which you receive this request, as FOIA requires. Please contact me if you need to clarify any part of my request. Thank you for your time.	Granted/Denied in Part

The list of employees and format should be basically the same. The salary information must include PFP adjustments for the prior Fiscal Year	Other Reasons

			<p>which I believe means the data would be effective as of Pay Period 03 in January 2009 and Pay Period 03 in January 2010. At a minimum the information should include employee's name, employee's base salary, and employee's position title. While not mandatory, additional information such as employee's pay grade, date of hire, etc, is acceptable. In other words, any standard readily available pay file that contains the minimum three items (employee's name, employee's base salary, and employee's position title) is acceptable even if it also contains additional information. The preferred format is an electronic copy in MSExcel; either version 2007 or an earlier version. However, any standard accessible format should as pdf, MSWord, or even paper copy will be acceptable. Should you have any questions, please contact me at eorswaim@msn.com. Or leave a message at (b)(6) as I am restricted from receiving telephone calls while at work. Thank you for your attention to this request. Sincerely, Robert E Swaim (b)(6)</p> <p>(b)(6)</p>

05/24/2012	2012-FPRO-00775	Carlson, Douglas	Re: Freedom of Information Act Request - FY11-12 Request #8 Pursuant to the Freedom of Information Act (FOIA), please send me a copy of records created in 2011 or 2012 that, individually or collectively, will indicate the volume of mail collected on any day of the week from collection boxes under the jurisdiction of the post office in Berkeley, California. For any collection box, examples of responsive records include, but are not limited to, the average weekday volume, the average Saturday volume, the volume collected on a particular weekday, and the volume collected on a particular Saturday. For records in a printed format or a format that can be printed using software commonly found on a personal computer such as Microsoft Office applications, Notepad, or Wordpad, I specifically request access to all information that appears on the existing printed pages or	Granted/Denied in Part

			that will be printed on each page when the page containing the responsive volume information is printed using the software application's standard, default print function (without selecting restricting options such as printing only the selection). In addition, pursuant to 39 C.F.R. § 265.7(a)(3), I am electing to advise you that I am seeking these records to allow me to evaluate collection service to determine the extent to which the Postal Service is providing collection service consistent with the national service standards for collections - a matter of significant public interest and import. At this time, I am not willing to pay any fees for the provision of these records. According to FOIA, fees shall not be charged for the first 100 pages of duplication or the first two hours of search time. If fees will need to be charged, please notify me in advance. If the Postal Service will charge me any fees for providing paper copies of the records, I request the records in a PC-readable electronic format if the fees for providing the records in a PC-readable electronic format would be lower than the fees for providing paper copies of the records. One of possibly many acceptable PC-readable electronic formats would be one or more files in PDF format, provided to me on a CD-ROM. I look forward to receiving the records that I have requested within 20 working days of the date on which you receive this request, as FOIA requires. Please contact me if you need to clarify any part of my request. Thank you for your time.

06/28/2012	2012-FPRO-00866	Carlson, Douglas	Re: Freedom of Information Act Request - FY11-12 Request #9 Pursuant to the Freedom of Information Act (FOIA), please send me a copy of Scanner History Detail Reports or equivalent records from the Collection Point Management System that will indicate the time of day at which a postal employee collected mail from each collection box located in ZIP Codes 94104, 94105, 94111, 94117, and 94122 in San Francisco, California, on December 31, 2011. For purposes of this request, a postal employee's scan of a bar code located inside a collection box represents the time of day at which a postal employee collected mail from that box. In addition, pursuant to 39 C.F.R. § 265.7(a)(3), I am electing to advise you that I am seeking these records to allow me to evaluate collection service to determine the extent to which the Postal Service is providing collection service consistent with the national service standards for collections, agency policy, and management directives -- a matter of significant public interest and import. At this time, I am not willing to pay any fees for the provision of these records. According to FOIA, fees shall not be	Granted in full

			charged for the first 100 pages of duplication or the first two hours of search time. If fees will need to be charged, please notify me in advance. If the Postal Service will charge me any fees for providing paper copies of the records, I request the records in a PC-readable electronic format if the fees for providing the records in a PC-readable electronic format would be lower than the fees for providing paper copies of the records. One of possibly many acceptable PC-readable electronic formats would be one or more files in PDF format, provided to me on a CD-ROM. I look forward to receiving the records that I have requested within 20 working days of the date on which you receive this request, as FOIA requires. Please contact me if you need to clarify any part of my request. Thank you for your time.

12/07/2012	2013-FPRO-00207	Carlson, Douglas	Re: Freedom of Information Act Request - FY12-13 Request #2 Pursuant to the Freedom of Information Act (FOIA), please send me a copy of one or more records that will show the final scheduled dispatch time -- i.e., the scheduled departure time of the final dispatch vehicle -- for First-Class Mail on weekdays and Saturdays from each post office, station, branch, and other postal facility in the Bay Valley District that, either directly or indirectly, transports First-Class collection mail to or toward a Processing and Distribution Center. According to FOIA, fees shall not be charged for the first 100 pages of duplication or the first two hours of search time. If the search would exceed two hours, please begin the search in the office or department in the Bay Valley District most likely to maintain records indicating dispatch times. Please provide the records located during a two-hour search and estimate the cost to continue the search. In addition, pursuant to 39 C.F.R. § 265.7(a)(3), I am electing to advise you that I am seeking these records to allow me to evaluate collection service in the Bay Valley District to determine the extent to which the Postal Service is providing collection service consistent with the national service standards for collections -- a matter of significant public interest and import. If the Postal Service will charge me any fees for providing paper copies of the records, I request the records in a PC-readable electronic format if	Granted in full

02/03/2013	2013-FPRO-00380	Carlson, Douglas	Re: Freedom of Information Act Request - FY12-13 Request #3 Pursuant to the Freedom of Information Act (FOIA), please send me a copy of one or more records that will show the final scheduled dispatch time -- i.e., the scheduled departure time of the final dispatch vehicle -- for First-Class Mail on weekdays and Saturdays from each post office, station, branch, and other postal facility under the jurisdiction of the Los Angeles post office that, either directly or indirectly, transports First-Class collection mail to or toward a Processing and Distribution Center. At this time, I am not willing to pay any fees for the provision of these records. According to FOIA, fees shall not be charged for the first 100 pages of duplication or the first two hours of search time. If the search would exceed two hours, please begin the search in the office or department most likely to maintain records indicating dispatch times. Please provide the records located during a two-hour search and estimate the cost to continue the search. In addition, pursuant to 39 C.F.R. § 265.7(a)(3), I am electing to advise you that I am seeking these records to allow me to evaluate collection service in Los Angeles to determine the extent to which the Postal Service is providing collection service consistent with the national service standards for collections -- a matter of significant public interest and import. If the Postal Service will charge me any fees for providing paper copies of the records, I request the records in a PC-readable electronic format if the fees for providing the records in a PC-readable electronic	Granted in full

			format would be lower than the fees for providing paper copies of the records. I look forward to receiving the records that I have requested within 20 working days of the date on which you receive this request, as FOIA requires. Please contact me if you need to clarify any part of my request. Thank you for your time.

In addition, please provide each memorandum issued to field offices that provided operating policy and holiday planning guidance for the Christmas holiday in 2012 and the New Year's Day holiday in 2013. At this time, I am not willing to pay any fees for the provision of these records. One of possibly many acceptable PC-readable electronic formats would be one or more files in Excel format, provided to me on a CD-ROM. I look forward to receiving the records that I have requested within 20 working days of the date on which you receive this request, as FOIA requires. 			<p>Information Act their production to the undersigned. EMAIL: From: Cory Bromley Sent: Monday, May 13, 2013 10:38 AM To: 'imagereq@email.usps.gov' Cc: Cory Bromley Subject: Misuse of USPS Logo and election mailings We recently received in our mail very official looking envelopes, just like we get in regular municipal, state or federal elections (See attachment titled Ballot Envelopes). These have the logo "Official Election Mail" and "Authorized by the U.S. Postal Service" prominently displayed. However, when we opened it up we realized that this was a private group of residents seeking an Home Owners Association (HOA) election, advocating issues and supporting specific candidates (See attachment titled Envelope Inserts). I live in the neighborhood where this HOA operates, in (b)(6) and we have been involved with the HOA. It appeared to me like an effort by a private group with an intent to deceive the recipients (i.e. (b)(6)) using the U.S. Mail, as to the nature of the mailing and attempts to influence the recipients as to a certain outcome in a private matter. I am curious who procured these "Official Ballot Envelopes" and why would anyone think it appropriate to use these for an HOA? I raised this with the group sending it but they have given no response other than they believe process was proper. The "election official," is a private outfit named (b)(6) and their website indicates that one of the "concerned homeowners," (b)(6) is a senior manager, and this company was running the election. Apparently (b)(6) does work for Special Governmental Districts. (b)(6) is also the (b)(6) I called the (b)(6) Clerk, and the Arapahoe County, Colorado election offices, and they informed me they had the white windowed envelopes with the "Official Election Ballot" printed in red, but that these had the USPS Logo and as a result they could not be used by an HOA or other private election, rather they were for county or other governmental elections only. The use of these Ballot Envelopes for a private Home Owners Association election effort is clearly improper and should be investigated. C. Corwin Bromley Home; (b)(6) (b)(6)</p>

06/21/2013	2013-FPRO-00845	Solidum, John	To whom it may concern: I have been recently a victim of a malicious letter that was circulated among my employers, past and present, that led to my termination. Of course, the claims stated in the said letter was baseless but my employer decided to let me go to avoid complications. I am currently investigating the individual or entity behind the said letter and I would like to request your good office for assistance. The letter was sent on June 7, 2013 or June 8, 2013 at a USPS Office at 3601 Pickett Road, Fairfax, VA (written on the return address of the aforementioned letter). Apparently, the letter was mailed from that specific USPS address. In light of the aforementioned circumstances, I am requesting for a record of security video footage during your office hours on June 7, 2013 and June 8, 2013. It will help me in identifying who mailed the letters. Thank you so much. Sincerely, John Solidum	Other Reasons

07/02/2013	2013-FPRO-00855	Carlson, Douglas	Re: Freedom of Information Act Request - FY12-13 Request #7 Pursuant to the Freedom of Information Act (FOIA), please send me a copy of a sufficient number of records to inform me of the location ID number, address, new collection times, and effective dates for the new collection times for every collection point, including blue collection boxes and lobby drops, in San Francisco, California, at which the Postal Service posted in 2013, or intends to post in 2013, a notice advising customers that the collection times will change. At this time, I am not willing to pay any fees for the provision of these records. According to FOIA, fees shall not be charged for the first 100 pages of duplication or the first two hours of search time. If the search would exceed two hours, please begin the search in the office or department in the San Francisco post office most likely to maintain records relating to notices to the public concerning changes in collection times, and in that office, please search for the Microsoft Word, Excel, or similar files that the Postal Service used to create the notices. Please provide the records located during a two-hour search and estimate the fees to continue the search. Please provide all information contained in all files in which the Postal Service locates responsible records. In addition, pursuant to 39 C.F.R. § 265.7(a)(3), I am electing to advise you that I am seeking these records to allow me to evaluate changes in collection service in San Francisco to determine the extent to which the Postal Service is providing collection service consistent with the national service standards for collections -- a matter of significant public interest and import. If the Postal Service will charge me any fees for providing paper copies of the records, I request the records in a PC-readable electronic format if the fees for providing the records in a PC-readable electronic format would be lower than the fees for providing paper copies of the records. I look forward to receiving the records that I have requested within 20 working days of the date on which you receive this request, as FOIA requires. If the Postal Service will charge me any fees for providing paper copies of the records, I request the records in a PC-readable electronic format if the fees for providing the records in a PC-readable electronic format would be lower than the fees for providing paper copies. 09/03/2013	2013-FPRO-00867	Bromley, C Corwin	<p>I never received a reply to my May 13, 2013 10:38 AM email to: 'imagereq@email.usps.gov' email, regarding the apparent misuse of USPS's logo by (b)(6). Was this matter actually investigated and if so what were the results of the investigation? If there are any agency records, written documents, files, notes, etc. on the matter of or investigation of the use of the logo or the envelopes by (b)(6) (b)(6) or anyone affiliated or connected with (b)(6) (b) or such files, records, documents, etc., related to any investigation conducted by the USPS or on behalf of it, with respect to this matter, I am requesting under the Freedom of Information Act their production to the undersigned. EMAIL: From: Cory Bromley Sent: Monday, May 13, 2013 10:38 AM To: 'imagereq@email.usps.gov' Cc: Cory Bromley Subject: Misuse of USPS Logo and election mailings We recently received in our mail very official looking envelopes, just like we get in regular municipal, state or federal elections (See attachment titled Ballot Envelopes). These have the logo "Official Election Mail" and "Authorized by the U.S. Postal Service" prominently displayed. However, when we opened it up we realized that this was a private group of residents seeking an Home Owners Association (HOA) election, advocating issues and supporting specific candidates (See attachment titled Envelope Inserts). I live in the neighborhood where this HOA operates, in (b)(6) and we have been involved with the HOA. It appeared to me like an effort by a private group with an intent to deceive the recipients (i.e. (b)(6) using the U.S. Mail, as to the nature of the mailing and attempts to influence the recipients as to a certain outcome</p>	Other Reasons

			<p>in a private matter. I am curious who procured these "Official Ballot Envelopes" and why would anyone think it appropriate to use these for an HOA? I raised this with the group sending it but they have given no response other than they believe process was proper. The "election official," is a private outfit named (b)(6) and their website indicates that one of the "concerned homeowners," (b)(6) is a senior manager, and this company was running the election. Apparently (b)(6) does work for Special Governmental Districts. (b)(6) is also the (b)(6) I called the (b)(6) City Clerk, and the Arapahoe County, Colorado election offices, and they informed me they had the white windowed envelopes with the "Official Election Ballot" printed in red, but that these had the USPS Logo and as a result they could not be used by an HOA or other private election, rather they were for county or other governmental elections only. The use of these Ballot Envelopes for a private Home Owners Association election effort is clearly improper and should be investigated. C. Corwin Bromley Home: (b)(6)</p> <p>(b)(6)</p>

07/19/2013	2013-FPRO-00887	Carlson, Douglas	<p>Re: Freedom of Information Act Request - FY12-13 Request #10 Dear Ms. Eyre: Pursuant to the Freedom of Information Act (FOIA), please send me a copy of a sufficient number of records to inform me of the location ID number, address, new collection times, and effective dates for the new collection times for every collection point, including blue collection boxes and lobby drops, in the 434, 435, and 436 ZIP Code areas at which the Postal Service posted in 2013, or intends to post in 2013, a notice advising customers that the collection times will change. At this time, I am not willing to pay any fees for the provision of these records. According to FOIA, fees shall not be charged for the first 100 pages of duplication or the first two hours of search time. If the search would exceed two hours, please begin the search in the office or department in the district office most likely to maintain records relating to notices to the public concerning changes in collection times, and in that office, please search for the Microsoft Word, Excel, or similar files that the Postal Service used to create the notices. Please provide the records located during a two-hour search and estimate the fees to continue the search. Please provide all information contained in all files in which the Postal Service locates responsible records. In addition, pursuant to 39 C.F.R. § 265.7(a)(3), I am electing to advise you that I am seeking these records to allow me to evaluate changes in collection service in the 434, 435, and 436 ZIP Code areas to determine the extent to which the Postal Service is providing collection service consistent with the national service standards for collections -- a matter of significant public interest and import. If the Postal Service will charge me any fees for providing paper copies of the records, I request the records in a PC-readable electronic format if the fees for providing the records in a PC-readable electronic format would be lower than the fees for providing paper copies of the records. I look forward to receiving the records that I have requested within 20 working days of the date on which you receive this request, as FOIA requires. Please contact me if you need to clarify any part of my request. Thank you for your time.</p>	Granted in full

Based on this I gave the interview for the position of pse mail processing clerk at plainfield in central illinois district yesterday ie 8/15/13. I do have a valid drivers licence (b)(6) and I produced a clean drivers abstract at the interview. But I was denied the job for the so-called lack of experience in driving as my license was issued on 5-22-13. As you can easily find out the original job posting in usps website remain silent on 2 year driving requirement which is mentioned only for the post of carriers. Why was I denied the job solely based on this criteria which was artificially incorporated later?. In India I was issued a driver license at a very young age and with Gods grace I have been driving ever since. Why was I given a single day to produce the driving records from India? My candidate profile contains all my information. Then the HR team knew I have no 2 year driving experience in USA. That being the case why was I put in the hiring list and dragged to interview. The interview letter mentioned court purpose drivers abstract but not a 2 year criteria. Why was this information not given even after I called the post office on the number mentioned in the posting?. My candidate (b)(6)	Other Reasons

Please provide the records located during a two-hour search and estimate the cost to continue the search. In addition, pursuant to 39 C.F.R. § 265.7(a)(3), I am electing to advise you that I am seeking these records to allow me to evaluate collection service in Mill Valley to determine the extent to which the Postal Service is providing collection service consistent with the national	Granted in full

If the Postal Service will charge me any fees for providing paper copies of the records, I request the records in a PC-readable electronic format if the fees for providing the records in a PC-readable electronic format would be lower than the fees for providing paper copies of the records. I look forward to receiving the records that I have requested within 20 working days of the date on which you receive this request, as FOIA requires. Please contact me if you need to clarify any part of my request. Thank you for your time.

10/18/2013	Leopold, Jason	-	2014-FPRO-00056	<p>Dear FOIA Analyst, This is a request for records under the Freedom of Information Act (FOIA), 5 U.S.C. § 552, et seq. I am seeking copies of "Request for Mail Cover from External Law Enforcement Agency" letters sent to the United States Postal Service and the CISC Manager for 2013. If you deny all or part of this request, please cite the specific exemptions you believe justify your refusal to release the information or permit the review and notify us of your appeal procedures available under the law. In excising material, please "black out" rather than "white out" or "cut out." In addition, I draw your attention to President Obama's 21 January 2009 Memorandum for the Heads of Executive Departments and Agencies, directing federal agencies to adopt a presumption in favor of disclosure and stating that government information should not be kept confidential "merely because public officials might be embarrassed by disclosure, because errors and failures might be revealed, or because of speculative or abstract fears." I am a widely published independent investigative reporter and a current contributor to (b)(6)</p> <div style="border: 1px solid black; height: 60px; width: 100%;"></div> <p>According to 5 U.S.C. § 552(a)(4)(A)(ii), codifying the ruling of Nat'l Security Archive v. Dep't of Defense, 880 F.2d 1381 (D.C. Cir. 1989), the term "a representative of the news media" means any person or entity that gathers information of potential interest to a segment of the public, uses its editorial skills to turn the raw materials into a distinct work, and distributes that work to an</p>	Other Reasons

				<p>audience. I have a clear intent to “publish[] or otherwise disseminate[] information to the public.” Id. at 1386 (quoting the following legislative history: 1) “It is critical that the phrase ‘representative of the news media’ be broadly interpreted if the act is to work as expected. . . . In fact, any person or organization which regularly publishes or disseminates information to the public . . . should qualify for waivers as a ‘representative of the news media.’” 132 Cong. Rec. S14298 (daily ed. Sept. 30, 1986) (emphasis in original quotation); 2) “A request by a reporter or other person affiliated with a newspaper, magazine, television or radio station, or other entity that is in the business of publishing or otherwise disseminating information to the public qualifies under this provision.” 132 Cong. Rec. H9463 (Oct. 8, 1986) (emphasis in original quotation)). Therefore, in accordance with the Freedom of Information Act and relevant case law, I, Jason Leopold, should be considered a representative of the news media and as such I am also requesting a public interest fee waiver. Please ensure that, in accordance with the DC Circuit’s ruling in <i>Chambers v. Dep’t of the Interior</i>, 568 F.3d 998 (D.C. Cir. 2009), all records potentially responsive to this FOIA request are immediately preserved from destruction until the final resolution of this FOIA action. Destruction of potentially responsive records after the receipt of a FOIA request is considered “contumacious conduct” by the DC Circuit. See <i>id.</i> at 1004. Your agency is required by law to respond to this request within 20 working days. Failure to timely comply may result in the filing of a civil action against your agency in a United States District Court. Please provide any records produced in response to this request in electronic (soft-copy) form.</p>

06/09/2014	Crescente, Joseph		2014-FPRO-00529	On May 1, I sent a box via media mail from the Carmel, CA 93923 PO (b)(6) Inside the box were books, journals (from 1997-2003), copies of passports and other important documents with personal information, magazines, printed work materials and receipts. On May 19, the box arrived at the address flattened and sealed in plastic with a note stating that the box arrived in Pittsburgh, PA without any contents. I have been trying to get my belongings back. While the box was insured for \$500, the belongings are exponentially more valuable to me. It looks as if the box was opened with a box cutter, and since it is media mail, I was aware that it could be inspected. However, the contents are missing and through my multiple attempts dealing with both local and national post offices thus far I have not been able to ascertain if the box was opened up and if so where. I think this could shed light as to where the materials were separated and potentially help locate the materials. According to the PO, the box was "delivered," even though all that I received was the box that I sent it in. Thus, my record with the PO shows nothing abnormal about the delivery of this box. Thus, I would like to know: 1. if the box was inspected 2. where and by whom the box was inspected 3. why it was inspected 4. if there is any information as to what happened with the contents: were they placed back in the box, confiscated, shipped somewhere else The PO representative I talked to on the phone agreed that knowing this information could help the investigation enormously, although they did not know where to obtain it. I asked if records were kept	Other Reasons

				regarding inspections, and they responded that there must be. So, I would like to know what the records state about my box and use this information to help recover my lost belongings. Under federal law, if you choose to withhold any such parts of the records from disclosure, you must specify in a written response the factual and legal basis for withholding any part of the Records. FOIA requires that your agency respond to this request within 20 business days of receipt of this letter. This request is segregable, and your agency may not withhold entire records because of one section that you believe is exempt from disclosure. Under federal law, if you choose to withhold any such parts of the records from disclosure, you must specify in a written response the factual and legal basis for withholding any part of the Records. Please contact me if I may assist in your office's response to this request. As I am making this request as a journalist and this information is of timely value, I would appreciate your communicating with me by telephone or email, rather than by mail, if you have questions regarding this request. 10/27/2014	Deters, Mariah	-	2015-FPRO-00060	<p>Hello, I would like to request the full records from the post office in Socorro, New Mexico (zip code 87801) of all packages sent to zip code 19102 (Philadelphia, PA) in the period 09/24/2014 to 10/08/2014. If it is not possible to isolate by zip code, kindly just send me the full records of packages (boxes, not large envelopes) sent from 87801 during those two weeks organized by date. If it is possible to only request records on packages sent, not letters, that would be preferable. This is of extreme importance to a pending legal case, and I would be much obliged if the correct office would refer this inquiry to the post office at 87801 as soon as possible. Thank you very much for you time, it is greatly appreciated. If there are any questions, I have provided my phone number in the appropriate place on this form and would be happy to answer any questions about specifics. 10/28/2014	Du Bois, Ron	Schneider & Onofry, P.C.	2015-FPRO-00065	<p>The law firm of Schneider & Onofry, P.C., represents (b)(6) in an ongoing civil case. (b)(6) is the mother of (b)(6) (b)(6) also known by her married name of (b)(6) (b)(6). The case is a life insurance claim dispute. Unfortunately (b)(6) was murdered in February 2011. One of the central issues in the case is whether certain notices from (b)(6) life insurance company were delivered to her before her death. (b)(6) address at the time of her death was (b)(6) (b)(6) (b)(6) had the same address at that time. Our investigation leads us to believe that (b)(6) received mail at this address from late 2009 until the time of her death in February 2011. Unfortunately, (b)(6) life insurance company had her prior address on record. The insurance company sent several important notices to this address in the two weeks prior to (b)(6) death. The prior address the insurance company incorrectly had on file is (b)(6) (b)(6) (b)(6). We are requesting information to determine whether (b)(6) filed a mail forwarding request with the U.S.P.S in either 2009 or 2010. The forwarding request or change of address request would have changed (b)(6) mailing address from (b)(6) (b)(6). We would like to obtain any records responsive to this request. We are willing to pay up to \$100 before requiring notice of further fees. (Date Range for Record Search: From 01/01/2009 To 01/31/2011)</p>	Other Reasons

01/02/2015	Schrager, Adam	WISC-TV	2015-FPRO-00210	My name is Adam Schrager and I'm with WISC-TV, the CBS affiliate in Madison, WI. We would like to request a list of insurance claims filed by Wisconsin residents in the calendar years 2013-14. Further, we would like to know the amount of insurance purchased in each case, the money paid to the USPS for that insurance, and finally, the USPS dispositions associated with each case. We were told by a local postmaster here that she was looking at a document that shared that information, but that she could not give it to us, and we needed to file a FOIA in order to get it. Thank you for your attention to this matter. --Adam Schrager WISC-TV Investigative Producer/Reporter (b)(6)	Granted/Denied in Part

01/29/2015	Low, Yoel	-	2015-FPRO-00296	<p>Thanks for the quick response on FOIA request (b)(6)</p> <p>(b)(6) it seems that I did not explain clear enough, please see modified request below that specifies the destinations to any zip code in the USA. Thanks in advance. I would like to request the number of monthly report (month by month) of address change requests filed with the USPS, from the dates beginning on: 1/1/2014 up until 12/31/14, With the old zip codes originating within these following zip codes: 11205, 11206, 11211 and 11249, and the new forwarded zip code destination to ANY ZIP CODE IN THE USA. Please include the old zip code and the forwarded new zip code. For example, Total moved from: 11211 to 85716 = 100 11211 to 10001 = 50 11249 to 10977 = 35 11205 to 10950 = 150 I believe that the amount of address changes is not considered private information, and as such not a part of the privacy act. The reason I am requesting this information, is to try to help the low income people who are being forced out of the neighborhood because of the high rents, and want to do a statistical review on how many people had to move away. Thanks in advance (Date Range for Record Search: From 01/01/2014 To 12/31/2014)</p>	Granted/Denied in Part

Our usual mail (b)(6) was not our pick up carrier this day. We did not know the carrier. The Mail carrier put the containers on the tailgate. Our employee began walking away and after she was a good bit away someone yelled to her that the carrier drove off and the containers were still on the tailgate. 				<p>truck. Our employee (b)(6) (b)(6) tried to run after him to catch him but he was too far away at that point. She collected that container herself but the other two had gone with him. She looked around for mail pieces that may have fallen out and collected what she could. One of our employees got in her car and tried to drive the route he may take but could not locate the truck. We called the number for the post office in this area North University and the the Supervisor had heard from another carrier that he recovered the two containers off the entrance to the highway I-30 when he saw them fall off the tailgate. We talked various times with the Supervisor at North University Post office Brenda, advising how we have to report this (b)(6) (b)(6) so they know we took appropriate action by Federal law, and to do that we must have a copy of the incident report the post office should have or did fill out for this incident. We received much run around. The complaint filed with 1-800-ask usps (b)(6) with the district office of Ft Worth, but we asked for someone to call us in 48 hours due to the urgency of this report and no one contacted us. We have been advised by Manager JOAN SCARPELLI (who was very nice) that the legal department said we must request this report from this FOIA. We have already received calls from customers receiving incomplete check items and ripped envelopes which must have come from the containers that fell off the truck. We must have this reported to (b)(6) ASAP with the incident report from the post office. Thank you. (Date Range for Record Search: From 09/24/2015 To 09/25/2015).</p>

12/14/2015	Weber, Jonathan	Marathon Studios, Inc.	2016-FPRO-00182	12/14/2015) This is a request for records under the Freedom of Information Act (5 U.S.C. §552, as amended). We are requesting a digital copy of the full database of U.S. Postal Service Employees, with all auxiliary files, for all departments, for the last quarter of all years from the earliest year for which data is available to 2015. We request that all data elements not specifically excluded for privacy reasons be provided, including (at minimum) the following data elements: Last Name, First Name, Pay Plan / Pay Grade, Job Title, Salary/Hourly Rate, Bonus/Incentives, Hire Year, Facility Name, City, State, Work Zip. We understand that a FOIA for this information has been previously filed by the Asbury Park Press, a New Jersey-based newspaper, and will accept the files provided as a response to their FOIA in order to expedite the completion of our request. The data provided to the Asbury Park Press is used in their postal employee search tool here: http://php.app.com/usps/search.php We would like to request that this data in electronic format, provided either via the Internet or on CD-ROM. In order to assist you in determining our status to assess fees, you should know that we are the principal developers of FederalPay.org, a free website that provides information to the public about Federal pay scales and promotes Government transparency. We are categorized as a News Media organization. We intend to use the data acquired through this FOIA request to develop a visual open-government tool on FederalPay.org (the "FederalPay Tool") that allows the public to view the salaries of Federal officials, visualize personnel spending at various Government agencies, and use the insights gathered for research and advocacy related purposes. We have previously submitted an approved FOIA for Federal civilian employee data to the Office of Personnel Management, and have demonstrated our capacity to	Granted/Denied in Part

				<p>digest the OPM data requested and to develop such a tool through the successful creation of the existing content on FederalPay.org. The FederalPay Tool created with this data will be free and available to the general public, and we will disseminate the information to the 150,000+ people per month who currently visit the FederalPay.org website to access open government information. We strongly believe that the addition of U.S. Postal Service employee data to the FederalPay Tool using OPM data is clearly within the public interest. Therefore, we would like to request a waiver or reduction of the fees associated with this request under 5 U.S.C. § 552(a)(4)(A)(iii). While we reserve the right to appeal if our request for fee waiver is declined, we are willing to pay \$50.00 (fifty dollars) to cover the costs incurred providing this data. Please take into account that the OPM has already approved a fee-waiver for our FOIA request under public interest reasoning.</p>

(b)(6)</p> <p>(b)(6)</p> <p>(b)(6) Example of letter sending me to fit for duty exam is attachment USPSWrongAddress I expect USPS would have a copy in the personnel files of the above people and I would fully expect the USPS to redact identifying information from the documents but not the address of the fit for duty exam which I suspect will be intentionally wrong address as mine was. I request the USPS randomly search in 20 other personnel files for such letters ordering people to exams. This may be sent electronically via email. Although I do not have to provide a reason for a FOIA request I request this because I know the USPS has intentionally provided many people with wrong address for FFD exams. I've come to this conclusion because I was given wrong address and I've observed and discussed this with others that have been given wrong address. Thus either it is an incredible incompetent repeat wrong or intentionally done to make person going to FFD exam appear to be in a psychosis or "mentally ill". Playing games with people can induce psychosis but a psychosis does not prove "mental illness". 3. Contact information for head of department all my concerns that I've emailed to the USPS since September 2015 have been forwarded to Emails were sent via https://prd2faq.usps.com/faq/i</p>

Lack of contact information from sender and fact email address is apparently an unmonitored email address makes resolving this matter difficult from my end without FOIA request. 04/13/2016	Krans, Adam	Dover Housing Authority	2016-FPRO-00474	My name is Adam Krans and I am the Housing Officer for the Housing Choice Voucher Program (commonly known as Section 8) for the Dover Housing Authority in Dover NH. I am writing in the hopes that your office can assist me improve the HCV Program by reducing fraud, waste, and abuse. The most common type of fraud in the HCV program is unauthorized people living with a voucher holder. This causes the	-

				<p>housing authority to pay more assistance than we should, and limits our ability to help other families. One of the most useful tools that housing authorities use to combat this type of fraud is Freedom of Information Act requests sent to local post offices requesting confirmation of whether or not a specific named person receives mail at a particular address. For example, we would send a form requesting to know if John Smith receives mail at 123 Main St, Anytown NH 12345. While this process is useful as a tool to combat fraud in the HCV program, it is severely limited by the fact that we need to know the person's full name before we can send the request. This becomes a problem when we receive a tip that a voucher holder has an unauthorized person living in their unit, but the person reporting the fraud doesn't know the unauthorized person's name. We can't do anything to combat this fraud without the person's name. I believe that if public housing authorities were able to instead request a list of names of all people currently receiving mail at a particular address it would greatly expedite the process of investigating, proving, and acting on fraud cases in the HCV Program. This in turn would help to ensure that the tax dollars spent on the HCV Program are being properly distributed to the most deserving families. I believe that releasing this information in situations that fit the specific criteria that I have outlined above is easily justifiable, and serves a valid, and specific purpose that greatly benefits the public good. Please let me know if your records contain this type of information, and if these types of requests can be filled in the future.</p>

Also, what is USPS liability to deliver mail in private road operated by Homeowners Association in which cars cannot go? Our local post office is Swansea, SC - the mail carriers are often stuck delivering mail. Our HOA is Calmont Properties, in Calhoun County, SC. Fedex & UPS will not deliver here. USPS does. There must be some rules or precedents in USPS operations manuals that outline proper protocols which are not being	-

				followed in our case. I assume these manuals will include information on who is responsible to handle such a situation in USPS management. It is probably common, I doubt we are the only community in USA that has this situation. Thank you. Joe Gelet (Date Range for Record Search: From 04/01/1901 To 04/16/2016)

08/03/2016	2016-FPRO-00831	Palombo, Ross	We are requesting any and all records concerning the daily safety inspections of postal vehicles based and operating in Los Altos, CA. Specifically, we are looking for the records from the US Post offices at 221 Main St, Los Altos, CA & 1525 Miramonte Ave, Los Altos, CA. The date range is 1/1/15 to the most current records available year-to-date. Our understanding is that each driver completes a safety inspection at the beginning of their shift. We are looking for any documented safety issues noticed with their vehicles at this time, i.e. "broken doors", "broken latch", "flat tires" listed in any document(s) produced by these inspections. We are also looking for any documents listing maintenance issues or problems with postal vehicles produced during this same time period in any other way. We are open to help or suggestions from the US postal service in how to obtain this information, since we are not clear what the exactly policy is within the USPS for documenting problems or issues with postal vehicles. I very clearly stated that I needed all eCareer documentation and interview results for my JUNE 2016 EAS supervisor interview. However, (b)(6) (b)(6) & USPS sent me the documentation pertaining to my MAY 2016 interview for which I did not ask. I subsequently sent a second request follow up email on 07/25/2016 conveying that information and that I would like the exact records that I requested and to date have recieved no response. Now that my EEO case has progressed beyond the inquiry stage, into the formal investigation phase, I am making a THIRD REQUEST to obtain the aforementioned documentation. It should be noted, (b)(6) (b)(6) are two of the primary responsible management officials alleged in my EEO and they were also the two assigned to process and deliver my documentation. Had the management properly performed their duties, (b)(6) would either not have been transitioned before other senior employees who were waiting to be transitioned, or, in the alternative, all of the affected employees should have been transitioned from CCA's to Career Employees on November 29, 2014 as that is when (b)(6) was transitioned. I am requesting these records because I am one of the affected employees in this matter. Specifically, I began working at the (b)(6) on or about June 27, 2014, before (b)(6) started working at the (b)(6) but I was not transitioned to become a Career Employee until July 23, 2016, whereas (b)(6) became a Career Employee on or about November 29, 2014. I request a waiver of fees because my interest in the records is not commercial, but personal, and the disclosure of the information will contribute significantly to the transparency and understanding of the operations of the USPS and its actions on why employees who lack seniority are transitioned to Career Employees before those who have seniority. I will expect a response within 20 working days as provided by law. If my request is denied in whole or in part, I expect a detailed justification for withholding the records. I also request any segregable portions that are not exempt to be disclosed. Thank you in advance for your anticipated cooperation. Sincerely, Jagdeep S. 11/07/2016	2017-FPRO-00089	Glaze, Ben	I'm just looking for refreshed version of the attached excel file updated through October 31th , 2016 (or most recent monthly date available) please. Full description follows: I would like to request monthly data on the USPS Postage Meter installed base (Small Business/Mid-Range/Commercial Meter Populations) in the U.S. I'm updating a research project in which I used this data for my analysis (with data through 2012 which I already have). The research is on transactional mail volume changes and the use of new technologies to both increase revenues and decrease costs for the USPS, as well as understanding how suppliers who invest to bring new meters to the market see their market share improve (suggesting that meter users value innovation that improves productivity/ease of use), which I believe is representative of very engaged usage of metered mail.
