> FOIA Case: 104643 16 July 2018

JOHN GREENEWALD 27305 W LIVE OAK RD SUITE 1203 CASTAIC CA 91384

Dear Mr. Greenewald:

This responds to your Freedom of Information Act (FOIA) request of 24 June 2018 for the Intellipedia pages on Information Awareness Office, and/or Total Information Office, and/or Terrorism Awareness Office, which was received by this office on 25 June 2018. Your request has been assigned Case Number 104643. For purposes of this request and based on the information you provided in your letter, you are considered an "all other" requester. As such, you are allowed 2 hours of search and the duplication of 100 pages at no cost. There are no assessable fees for this request. Your request has been processed under the provisions of the FOIA.

For your information, NSA provides a service of common concern for the Intelligence Community (IC) by serving as the executive agent for Intelink. As such, NSA provides technical services that enable users to access and share information with peers and stakeholders across the IC and DoD. Intellipedia pages are living documents that may be originated by any user organization, and any user organization may contribute to or edit pages after their origination. Intellipedia pages should not be considered the final, coordinated position of the IC on any particular subject. The views and opinions of authors do not necessarily state or reflect those of the U.S. Government.

We conducted a search across all three levels of Intellipedia and located documents responsive to your request. Some of the documents are enclosed. Certain information, however, has been deleted from the documents.

Information which is not responsive to the subject of your request has been removed from the enclosures since that information is considered a distinct record and is non-responsive to your request. This Agency is authorized by statute to protect certain information concerning its activities, in this case, internal URLs. Such information is exempt from disclosure pursuant to the third exemption of the FOIA, which provides for the withholding of information specifically protected from disclosure by statute. The specific statute applicable in this case is Section 6, Public Law 86-36 (50 U.S. Code 3605). We have determined that such information exists in this record, and we have excised it accordingly.

Since these deletions may be construed as a partial denial of your request, you are hereby advised of this Agency's appeal procedures. If you decide to appeal, you should do so in the manner outlined below.

• The appeal must be in sent via U.S. postal mail, fax, or electronic delivery (e-mail) and addressed to:

NSA FOIA/PA Appeal Authority (P132) National Security Agency 9800 Savage Road STE 6932 Fort George G. Meade, MD 20755-6932

The facsimile number is (443)479-3612. The appropriate email address to submit an appeal is FOIARSC@nsa.gov.

- It must be postmarked or delivered electronically no later than 90 calendar days from the date of this letter. Decisions appealed after 90 days will not be addressed.
- Please include the case number provided above.
- Please describe with sufficient detail why you believe the denial was unwarranted.
- NSA will endeavor to respond within 20 working days of receiving your appeal, absent any unusual circumstances.

For further assistance or to discuss your request, you may contact our FOIA Public Liaison at <u>foialo@nsa.gov</u>. You may also contact the Office of Government Information Services (OGIS) at the National Archives and Records Administration to inquire about the FOIA mediation services they offer. OGIS contact information is: Office of Information Services, National Archives and Records Administration, 8601 Adelphi Road-OGIS, College Park, MD 20740-6001; e-mail: <u>ogis@nara.gov</u>; main: 202-741-5770; toll free: 1-877-684-6448; or fax: 202-741-5769.

Please be advised that records responsive to your request include material containing other government agencies' information. Because we are unable to make determinations as to the releasability of the other agencies'

information, the subject material has been referred to the appropriate agencies for review. We will respond to you further when consultation with the other agencies has been completed.
