Ok—so here is the Donald Trump segment that was on Fox & Friends on Monday. The challenge is that right now most of our computers within the IRS wall cannot view most video. If you forward to a smart phone or ipad you can watch the segment. While Donald Trump mostly talks about the e-mail storage issues—he does in fact say some very nice things about the Commissioner. At 1:48 – 2:01 -- He pretty much says this:

“I will say, John Koskinen has a great reputation. But he’s newly put there. He would go in there and fix companies. His reputation is sterling. He’s very new—he was just put there. He wasn’t there during that period of time...”
