EDORIC/NEPTONE WSACROAT/ZAFRAID Literacy Seminar

As appropriate

1. During the month FJHEARSAY in the ZAFRAID delegation led by LIQUIFER/7 (L-7), asked for the FJHEARSAY to program a _____ to be held in Mexico. L-7 argued, quite well, that such a Seminar would be politically useful to L-7's organization both nationally and internationally because the publicity which could be generated around such an event would cast the ZAFRAIDS in a very favorable light. In line with NEPTONE's policy of strengthening ZAFRAID's national and international prestige NEPTONE Agents in the FJHEARSAY supported ZAFRAID's request and the FJHEARSAY subsequently approved the program.

2. Following the FJHEARSAY, L-7 made two or three attempts to get WSACROAT to implement the program for a regional seminar including the participation of the SOPLAET organizations from Central America. NEPTONE Case Officers declined to approve the Central American regional initiative because of the expected participation of a number of communist led DEPLAINES. NEPTONE Agents were instructed to seek ZAFRAID's agreement to a national seminar which would include individual participants from two or three different countries. In September, during his trip to JMWARE meeting, L-7 and ZAFRAID president-elect, agreed to the national seminar with individuals from other countries participating. At Headquarters' request, implementation of the seminar was held up by NEPTONE Agents in WSACROAT in order to avoid impeding HXII's establishment of contact with the new ZAFRAID's president.

3. NEPTONE Agents in WSACROAT would now like to move ahead in the implementation of the seminar before the end of the year because of other program commitments following January and have submitted a plan to Headquarters for coordination. The plan has been forwarded to HXII under separate cover.

4. The Seminar is scheduled from December 12-22nd. Please cable Station comments with info copy to FILP.
