MEMORANDUM FOR: C/AU/PO/A

SUBJECT: AMMUG/1 Debriefer Report #203

REFERENCE: (HITA) 1721, 16 October 1964

WH/EA 064-755

1. In relation to a supposed message by radio using the song known as "The Six Beautiful Cubans" (Las Sencillas Cubanas), I know the following:

A. When President Kennedy died, "Augusto" personally came to the National Liberation building and held a meeting with officers of that section. He asked who maintained communications with organizations of their respective countries as well as with some agent.

B. Those who answered in the affirmative were told to prepare a system of communications urgently, using some song, lecture, commercial or something similar which could be transmitted by Radio Havana Cuba, and could be used to send a ciphered message which could be easily understood.

C. In fact, if my memory serves me well, Horberto RUBENZAP. Curbelo had chosen the musical record "Six Beautiful Cubans" or something similar.

D. This is the case more related to that musical record. As I remember Horberto chose a song.

E. This song is of the 1920's but was made popular by the "Aragon" orchestra during the Cha Cha Cha era.

F. It is my personal opinion that the composer of that song is Antonio Maria Romeu, although Antonio Maria Romeu leads his own orchestra.
2. **Headquarters Comment:** Ronnie is approximately 60 years of age.

3. **SH/SA Comment:** The Spanish words for three (tres) and six (seis) are very similar when spoken or heard by a non-Spanish speaking person. ('Augusto' identified by ANMUG/1 as Deputy Chief of the DGL) **Note:** Probably identifiable with Carlos Sixto CHAIN Soier, deputy to Manuel Pineiro, Chief of the DGL.
