It is to be noted that referenced communications contained leads to interview RICHARD W. DAWSON and OTTO "DUKE" KOLING at Fort Worth, Texas.

On 7/15/65, DL 269-PSI advised SA GARRY OWEN WATT that he was quite certain any additional interviews with individuals associated with instant group, at the present time, would more than likely uncover him as an informant. Informant advised that the interview of GRADY R. TURPIN by an Agent of the FBI had not only left TURPIN shaken by the experience but also suspicious of informant's activities. Informant stated that he felt certain that TURPIN had communicated his suspicions to other members of the group, and any additional interviews of members of the group would seriously curtail his effectiveness.

Continued contacts will be maintained with DL 269 and all other pertinent investigation will be conducted in regard to the group, but it is not felt that any additional interviews at this time would be in the best interests of the Bureau.
