7. Source added that they had also guest lecturers who were officers from the Committee of State Security of Byelorussia who came to the school on infrequent basis to conduct seminars. Once in awhile guest lecturers from the Second [internal security and counterintelligence] Chief Directorate [SCD] Center or the First [foreign intelligence] Chief Directorate [FCD] in Moscow would come to conduct a specific exercise.

c. One instructor discussed his involvement with Lee Harvey ~~OSWALD~~ and how he ran OSWALD. [Debriefers' Comment: Source was not sure if it was a true story or just some talk.] This instructor alleged that Marina was a plant and that OSWALD was an agent. Source opined that it was a piece of cake for the KGB to run the OSWALD operation in the Soviet Union. Source is also convinced that Marina had to be a plant of the KGB. The operation was organized by the KGB and OSWALD fell in love with her. The instructors also indicated in their lectures that the KGB did not task OSWALD to kill the President. [NOTE: Believe we should return to this topic again and discuss it with Source in more detail.] Source questioned KGB'S rationale in running OSWALD, an ex-marine with very little access to information. Based on information available to Source at the school the KGB did in fact run OSWALD.
