Name checks conducted at FBI, ONI, State, CSC, HCUA, OSI, RI and Source K were negative concerning the Subject; spouse checks conducted at FBI, CSC, and HCUA were likewise negative. Source K checks regarding Subject's parents-in-law were also negative.

AOG records confirmed Subject's honorable military service. Military records also revealed that Subject was granted Secret and Confidential cryptographic clearance on the basis of a four-way record check and limited investigation conducted in 1941 by the Post Intelligence, Ft. Knox, Kentucky. The files also indicated that Subject had attended the Cadet Corps Training School of his Imperial Highness Alexander III in Russia for 2½ years.

I & NS files confirmed the U. S. citizenship of the Subject in 1936; of his father-in-law in 1936; and Subject's mother-in-law (now deceased) in 1954. Immigration records disclose no derogatory information concerning the Subject or his parents-in-law.

MID records revealed a favorable applicant investigation conducted concerning the Subject in 1945, during which time thirteen informants were interviewed. All informants endorsed Subject's loyalty and reputation for a position of trust. It was disclosed that Subject's family had fled from Russia in 1920, and that his father had been a Colonel in the Russian Army. OS Indices were negative concerning the Russian Cultural Club and the Russian Democratic Club of New York City in which Subject was a member, according to MID records. Subject's PHS noted membership in the Circle of Youth "Russian Culture," New York City, from 1936 to 1940.
During the current investigation eleven developed informants and six listed references were interviewed. No informant questioned Subject's loyalty or trustworthiness; and no informant questioned or commented adversely on Subject's character, personality, associates or relatives. Subject appeared to be a very well-read individual who had never been involved in any trouble or scandal. Two neighbors observed that Subject was unusually quiet and that Subject has many "Russian friends who call at their home from time to time." However, the neighbors reflected no derogatory information concerning Subject's visitors. Subject is known to speak Russian well and has some knowledge of German and French. One informant believed that Subject's family was of the military aristocracy in Russia under the Czar; and that the family lived in Russia during the Revolution.

Informants advised that Subject is active in the Oakland, California CIO labor union. He attends meetings regularly and participates in union economicboycotts. The local union shop steward states that Subject takes an average member's interest in the affairs and proceedings of the local unions. Another informant volunteered information that Subject shows more interest than does the average citizen in political elections. He gets a sample ballot and studies and discusses qualifications of the candidates. Subject lists on his PHS membership in the CIO Greater Alameda County, Oakland, California, from February 1954 to Present (June 1955).
