RE: ARRB Additional Information Request No. CIA-1

Dear John:

I would like to thank you and your staff for your assistance and cooperation during our start-up phase. I trust that this bodes well for our work together during the upcoming years.

In order to facilitate and coordinate our efforts, I will be sending to you, from time-to-time, requests for additional information and records to facilitate the completion of the ARRB’s responsibilities under the JFK Act. We will be numbering these requests, as shown above, to help us track our queries and your responses. Please do not hesitate to contact me or Jeremy Gunn if our requests are insufficiently clear or if they are unduly burdensome.

For our first request, we ask that you make available the following items:

(a) Comprehensive organizational charts (or the best available substitutes) of the following entities for the years 1958-1968:

First, the Directorate of Plans (DDP or DD/P) including:

- Western Hemisphere Division (DDP/WH)
- Special Affairs Staff (DDP/SAS)
- Task Force W

---

We are of course aware that the names, organizational structure, and reporting relationships of the entities identified below have changed over time. We have listed some divisions, offices, and staffs in order to facilitate the identification of organizational charts. If the Agency refers or referred to these entities by any other names or acronyms, we would of course intend our request to include those other names or acronyms.

---

Telephone: (202) 724-0088  Facsimile: (202) 724-0457

Sixth, the Inspector General;

Eighth, to the extent not otherwise included above, any entities with responsibility for liaison or communications with the Federal Bureau of Investigation on matters pertaining to intelligence or counterintelligence,² and

Ninth, any other offices, task forces, units, programs, persons, or other

²If there were persons (rather than entities) tasked with the responsibility for such liaisons with the FBI, please identify those individuals.
entities with any responsibilities for surveilling, conducting operations with respect to, or engaging in liaison with any pro-Castro groups (e.g., Fair Play for Cuba Committee) or anti-Castro groups (e.g., Alpha-66, DRE, JURE, etc.).

(b) The names and affiliations of all CIA personnel responsible for liaison with the Warren Commission, the House Select Committee on Assassinations, the House Select Committee on Intelligence of the 94th Congress (the "Pike Committee"); the Senate Select Committee to Study Governmental Operations with Respect to Intelligence Activities (the "Church Committee"), and the Commission on CIA Activities within the United States (the "Rockefeller Commission").

(ii) the filing systems or filing procedures for the entities identified in (a) above; and

(iii) guidelines for drafting memoranda or completing forms.

Examples of the type of documents we are seeking include the Clandestine Services Instruction (CSI), the Clandestine Services Handbook (CSHB), and the Directorate of Operations Handbook (DOHB).

(d) Copies of the instructions, guidelines, and other materials used by your reviewers in the review process. Barry Harrelson has already provided some — if not all — of these materials to Jeremy Gunn.

Notes for April 7 meeting with ARRB (Marwell, etc.)

Subject: ARRB Additional Information Request No. CIA-1

Item (a): "comprehensive organization charts...1958-68"

- Purpose? why 10 year time frame?  
  Many may not exist; DO traditional have published only  
  sparse org charts.
- J. Gunn had ask for one on an early visit; found some  
  information in JFK file; probably other since HSCA ask  
  for similar information

Item (a) Fifth: "CIA Stations"

- Why 10 years for Mex station; will find in file  
  organization at time of assassination (requested by  
  HSCA)
- What other stations and why?

Item (a) Ninth: [everything re Cuba]

- familiar with August release of material from Microfilm?  
  [objective to release as much on anti-Cuba activities  
  as possible during 1960-63 time frame plus any  
  documents on Garrison investigation and plots against  
  Castro.]
- Recommend review of Microfilm material before proceeding  
  with this request

Item (c) "all manuals, [etc.]"

- many may not exist; when they do exist, access is usually  
  restricted to use within that Agency component  
- purpose? not need for review of our collection

Item (e) "...lists of cryptonyms, [etc.]"

- list of crypts with true names must remain in Agency  
  building; access to information needed for reviewing  
  collection will be provided but depending on sensitivity of  
  source may be limited to specific individual(s)

Control/Review of notes taken during review

Verified with Barry, that we do not need to task IG and OGC, on Pg 2, at this time, he is trying to get that info from RPD.

Also, on the list of names at Atch 2, didn't want to try and pin down the exact committee that they worked with, maybe from all the info they pull in - will answer that part.

NOTE FOR: THE FILE

SUBJECT: JFK Board Requests

On 5 June I called David Marwell to clarify parts of the Board's first three requests (CIA-1,2, and 3). The following points were made:

- Marwell will arrange to have a Board staffer screen the package of several hundred items provided by the DA in response to request no. 1. The items consist largely of HNs and HRs that describe organizations and appointments. This would preclude the need to send the entire package to the Board.

- Regarding requests no. 2 and 3, the reason that the Board has asked us to provide information as to the present whereabouts of individuals is to help the Board determine which names should be released. For example, the Board may conclude that the name of someone who retired overtly and is living in the US could be released, as opposed to someone who retired under cover and lives abroad.

- If the Board wants to interview someone, a specific request will be sent to us.

- The background information that we provide on individuals and crypts listed in the requests is not considered part of the "assassination record." The information is used to assist the Board in its review of documents.

- On 7 June the Board will hold a "formal" meeting to review redactions we have recommended.

Each Chief of Station will have full responsibility for matters within his assigned jurisdiction; he will report to and communicate with headquarters through the chief of the operational division having jurisdiction.

   (2) Such bases as may be established, subject to the Director's approval, subordinate to the above stations. Except as specifically authorized by the Director or the Deputy Director for Plans, and with the specific exception of FBIS material, each Chief of Base will report to and communicate with headquarters through the Chief of Station having jurisdiction.

   (3) Such senior war planners as the Deputy Director for Plans may establish, subject to the Director's approval. Each senior war planner will be under the direction of the Deputy Director for Plans. His reporting channel will be via the Chief of Station and chief of the operational division to the Deputy Director for Plans and the Director.

(b) Also there will be maintained overseas such elements as the Director may specify for the performance and support of the nonclandestine responsibilities of CIA. All such elements and the personnel thereof, unless specifically exempted by the Deputy Director for Plans and the other Deputy concerned, will be under the administrative authority of the responsible Chief of Station in the area. In the event of failure of the two Deputies to agree, the matter will be placed before the Director for decision.

Re: Status of Assassination Records Review Board Requests to CIA for Additional Information and Records

Dear Barry:

I am writing to memorialize our conversation of October 1 regarding the status of Assassination Records Review Board requests for information and records from the CIA.

We discussed the following formal requests:

CIA-1 (Organization materials)

CIA has made records available to the Review Board. The Review Board staff will continue its review and make recommendations to the Board and will request further information, if necessary, from CIA. CIA needs to do nothing further at this time.

CIA-2-5 Complete

CIA-6 (Cables and dispatches)

CIA originally informed the Review Board staff that these materials could be made available by December, 1995. CIA now agrees to make the records available (or to have a response) by the first of November, 1996.

CIA-7 (Histories)

Mexico City. CIA has shown the Mexico City history to Gunn. CIA will compile the portion of the history that was shown to G. Robert Blakey,
which will be processed as an assassination record. Gunn will then
determine whether there are any additional portions of the history that
should be added to the Blakey version. CIA will compile the "Blakey
version" as soon as possible and Gunn will promptly thereafter review the
documents.

Index. CIA has made an index available to Review Board staff and the
staff has identified certain histories that may be appropriate for review.
CIA will make available those histories that are of obvious relevance, and
will raise with Review Board staff any questions regarding the requests
where the basis for the request is unclear. CIA will begin to make
histories available on a rolling basis. Review Board has agreed to review
histories promptly once they are made available. Although it was not
discussed at our meeting, we would very much appreciate it if you would,
within the next two weeks, identify which histories you are prepared to
make available and those that CIA believes should be subject to further
discussions.

Cram's multi-volume counterintelligence history. Although Cram's
history was not specifically discussed at our meeting, the Review Board
staff understands that the history has been located and the Review Board
staff awaits its being made available.

CIA-8 (Intelligence community staff)

CIA will provide a report to the Review Board staff within two weeks.

CIA-9 (Publications and analytical materials)

The Review Board staff provided CIA with a list of certain publications as
they appear in an LBJ Library finding aid. CIA will report back on
recommended action to the Review Board promptly.

CIA-10 (Interagency source register)

CIA has compiled information responsive to the request. CIA will make
records available within two weeks.

CIA-11 (Duran's original statement)
Mr. Barry Harrelson  
October 7, 1996  
Page 3

CIA has been unable to identify to date Duran's original statement. CIA will make some further attempts to locate it.

CIA-12 (JMWAVE materials)

CIA will begin to make materials available on a rolling basis.

With respect to the informal requests, it is our understanding that:

CIA is inquiring into matters related to Spas Raikin. The Review Board staff will discuss issues with CIA once the pending research is completed.

CIA is locating a cable number IN 24738 (7 July 62), which is identified in record number 1993.07.20.10.18:29:650630 (Box 34, F 22), p. 2.

CIA is inquiring into matters related to Marilyn D. Murrett. The Review Board staff will discuss issues with CIA once the pending research is completed.

CIA is continuing to search for HTLINGUAL records, particularly those identified in Church Committee index that was provided to CIA by Review Board staff. CIA is prepared to provide oral briefing on HTLINGUAL.

Please let me know if you have any supplements or corrections. We would very much like to ensure that these matters are handled expeditiously.

As always, thanks for your cooperation and assistance.

Sincerely,

T. Jeremy Gunn

Re: Status of Assassination Records Review Board Requests to CIA for Additional Information and Records

Dear Barry:

I am writing to follow-up on our letter of October 7, 1996, regarding the status of Assassination Records Review Board requests for information and records from the CIA.

Formal Requests:

Review Board staff review continues. No CIA action needed at this time.

CIA-6 (Cables and dispatches)

CIA has agreed to make records available (or to have a response) by November 1, 1996.

CIA-7 (Histories)

Counterintelligence. CIA has made material available and Review Board staff examination is ongoing.

Mexico City. The Review Board awaits CIA’s compilation of the portion of the Mexico Station history that was shown to G. Robert Blakey.
Mr. Barry Harrelson  
October 27, 1996  
Page 2

Other Histories. No response has been received to our agreement that CIA identify within two weeks the histories that can be made available and those that should be subject to further discussions.

CIA-8 (Intelligence community staff)

CIA had promised to provide a report to the Review Board within two weeks. Nothing has been made available.

CIA-9 (Publications and analytical materials)

We have received no materials responsive to this request. Additionally, no response has been received from CIA regarding the list of publications that are identified in an LBJ Library finding aid that the Review Board staff provided.

CIA-10 (Interagency source register)

CIA has not yet made available the records that it had agreed to provide within two weeks. *(was Oswald on)*

CIA-11 (Duran's original statement)

CIA has agreed to make some further attempts to locate Duran's original statement.

CIA-12 (JMWAVE materials)

CIA has agreed to make materials available on a rolling basis.

Informal requests:

Spas Rankin. CIA has made the Spas Rankin file available to the Review Board. Review Board staff research continues. When research is complete, staff will discuss issues with CIA.

Marilyn Murrett. CIA has made the Marilyn Murrett file available to the Review Board. Review Board staff research continues. When research is complete, staff
will discuss issues with CIA.

HTLINGUAL. It is the Review Board staff's understanding that CIA continues its search for HTLINGUAL records and will provide an oral briefing on the subject. It is also our understanding that some HTLINGUAL records have been located, but that they have not yet been made available to the Review Board.

Recent and additional informal requests that we have discussed with you:

Operational Reports for Cuban Exile Groups. The Review Board staff has been unable to locate in the collection monthly operational reports for the DRE, CRC, or MRR for the period between March 1963 and March 1964. Please advise us whether these records exist and when we may review them.

Moscow. CIA has been asked to search for additional information regarding Mosco as discussed with Michelle Combs on October 24, 1996.

Tape. CIA has been asked to search for additional information regarding a tape as discussed with Irene Marr on October 24, 1996.

Please let me know of any inaccuracies in this letter or any suggestions that you have. Thank you for your help and cooperation.

Sincerely,

historical understanding of the assassination by providing some background on CIA records.

CIA should now review the DO and DS&T organizational material and re-examine some of the proposed redactions. Several documents have been cleared by the directorate IRO's for either release in full or release with minor redactions. The ARRB staff will consult with CIA to determine whether these records should be designated "assassination records" or whether they could be made available publicly in a manner similar to the material from the 1996 Boston trip. HRG would like to discuss this issue before the materials are formally put before the Review Board.

CIA-2 through CIA-5.

These requests have been satisfied and no further action is needed by CIA.

Dear Mr. Gunn:

Re: CIA-1 Organizational Material, Request
For Additional Information

This is in response the Board's request for additional information on the organization of the CIA as contained in referent request.

Enclosed are five lists of documents which describe the organization and missions of the CIA's four directorates -- the Directorate of Administration (DA), Directorate of Intelligence (DI), Directorate of Science and Technology (DS&T), and Directorate of Operations (DO) -- as well as the Office of the Director of Central Intelligence (DCI). All of the documents within each list were selected by the ARRB staff as responsive to this request. The documents identified within the lists can be released in full or sanitized form except for those pertaining to the Directorate of Operations. All documents within the DO list are denied in full.

Following the DO list is an unclassified memorandum which explains the sensitivity of the DO documents and the reasons they must be withheld. In short, their release could compromise intelligence functions and activities.

The released versions of the documents contained within the attached lists will be incorporated into the JFK collection as supplementary materials. If you have any questions in this regard, please advise.

Sincerely,

J. Barry Harrelson

SUBJECT: Re: ARRB Request CIA #1 - Draft response

Barry: Following up on our telephone conversation regarding ARRB Request CIA #1, the draft letter is fine with me. My comments with respect to the enclosure to the letter follow:

1. I concur with full release of the 16 CIA mission, function and organizational charts insofar as DA equities are concerned. As we discussed, the other Directorates should approve their portions of the charts if they haven't already done so.
2. I concur with the full release of the 31 mission statements and organization charts for the DDA (DDS) and the Office of Security.
3. I concur with the release as sanitized of the 2 organization chart and mission statement of the Office of Communications.

Also, in accordance with AR 70-5, f(18), dated 6/30/97, release of Agency regulations must be approved by the D/OIM.

Please call if you have any questions.

MEMORANDUM FOR: (U) Chief, Historical Review Program/OIM/DA

FROM: (U) Fredrick C. Wickham, Jr.
Chief External Support Group/IMS/DOP

SUBJECT: (U) DO Response to Formal Request CIA #1

REFERENCE: (U) Informal meeting of 27 February 1998, with Jeremy Gunn, Michelle Combs, Barry Harrelson, Gary Breneman and Eileen Wukitch regarding a request for additional information relating to CIA #1

1. (U) In response to a request from Jeremy Gunn and Michelle Combs, attached are two organizational charts showing the structure of the Deputy Director for Plans (DDP) in 1961 and 1963. As noted, CIA has released the DDP structure down to the division/staff level; however, we continue to protect the release of the structure to the branch/desk level. The data used in recreating these charts were extracted from an official classified history of CIA.

2. (U) Regarding the request for an organizational chart of the JMWAVER facility in the 1960-1963 time frame, after thorough review and due consideration, the Agency continues to protect this information on the reasons stated in our original response.

Fredrick C. Wickham, Jr.
