MEMORANDUM

To: Fritz Schwarz
From: Bill Bader
Date: June 11, 1975

In recommending the agent or "asset" WIROGUE to the Chief of Station, Leopoldville, the Chief of the Agency's African Division (probably Bronson Tweedy) wrote in late 1960:

"He is indeed aware of the precepts of right and wrong, but if he is given an assignment which may be morally wrong in the eyes of the world, but necessary because his case officer ordered him to carry it out, then it is right and he will dutifully undertake appropriate action for its execution without pangs of conscience. In a word, he can rationalize all actions."
