Information on Seven Cuban Internal Resistance Groups

Information provided us by our internal assets and Cubar ex-filtrees indicate that seven groups opposing Castro are making efforts to consolidate into one unified resistance. A brief description of the groups follows:

a. Movimiento de Recuperacion Revolucionario (MRR): The primary strength of this group lies in the Havana area, the Santa Clara area, and certain areas of Pinar del Rio. Its militant membership numbers 175. Communication with this group is maintained through one W/T circuit and SW communications. The leader of this group, one OMAR, is presently in the United States and is about to return to Cuba. In his absence, ESTEBAN is the acting leader. Although in the past we provided this group with equipment, money, radio operators and trained specialists, we have recently only been able to get 1500 pounds of material into them. However, we are presently attempting to infiltrate two radio sets to this group and backstopping their procurement of operational funds locally through deposits made to donor accounts in the United States. This group gives the most promise for effective operations and has a potential for sabotage, propaganda and intelligence activity. Externally, the principal representatives are Rafael Aurelio QUINTERO (the OMAR) and Juan Manuel GUILLOT. The MRRL faction of the original MRR contains as external leaders Ricardo LORIE and Nino DIAZ.

b. Movimiento Revolucionario del Pueblo (MRP): The primary strength of this group lies in the Havana and Las Villas areas. Its militant membership is approximately 150. We no longer have W/T Communications, but must rely on couriers for communication with this group. The group is not yet reorganized internally to an extent sufficient to involve itself in operations of note. The group's representative has recently come to the United States, and the current internal leader is one ANTONIO. Manolo Ray was formerly the external representative of this group. Externally its principal representatives are Rogelio CISNEROS, Ignacio MENDOZA, and Marcos WILLIAMS. Ray and his former chief associates Col. Barquin, Pazos, Chibas are not closely associated with the present active elements of one MRP with whom we are in contact.

c. Unidad Revolucionaria (UR): This group is composed of some thirty small factions with the primary strength resident in the provinces of Oriente, Matanzas, Havana, and Pinar del Rio with the possibility of some few people remaining in the Escambray Mountains of Las Villas. We no longer have W/T communications with this group; the former radio operator was captured. In August of 1961, of its leaders, CESAR was reported to be captured and JUSTO took asylum and is presently in the United States. Present internal leadership is RICARDO. Communications with this internal group will have to be re-established via the use of a courier as soon as feasible. Externally

Its principal representatives are Alberto FERNANDEZ Echavarría, Andres Zayss, and Cesar Brito.

d. Movimiento Democrático Cristiano (MDC): The primary strength of this group resides in the Oriente and Matanzas areas, although they have some representation in Havana and Pinar de Río provinces. This group employs sound security practices in its activity to a greater degree than any of the other opposition elements in Cuba. The former group leader Lucas FERNANDEZ Badue is presently in the United States; the current internal leader is Alberto del JUNCO MESA. Contact is maintained with this group via SW means. Although its activity has been limited, this element has the potential for the conduct of resistance, sabotage and intelligence activities. The MDC is a Catholic labor organization numbering approximately 100 members within Cuba. FERNANDEZ, their present external coordinator, is currently undergoing training. The former external leader of the MDC was Jose Ignacio RASCO.

e. 30th of November Group: This is a small labor group numbering approximately fifty. The organizer of this group, one DAVID SALVADOR, has been in prison in Havana for some time. The current internal leader is one BENITO. We have courier communications with this element which is believed to have a good potential for sabotage operations. Externally, the leadership of this group is in doubt

where three individuals are competing for control: JESUS FERNANDEZ, CARLOS RODRIGUEZ QUESADA, and ANDRES CARRILLO MENDOZA.

f. Rescate Democratico Revolucionario (RDR): One of the groups forming the Democratic Revolutionary Front (FRD) and the subsequent Cuban Revolutionary Council (CRC). They are believed to number twenty-five, and have a limited capability for paramilitary and propaganda activities. The only communications existent with this group is by means of courier. The true external representation of this group is somewhat confused since ALBERTO CRUZ, exfiltrated by the CNR to represent the element, was replaced by MENDEZ PEREZ at the direction of ANTONIO VARONA of the FRD in Miami. VARONA is the titular head of the Rescate.

g. Directorio Revolucionario Estudiantel (DRE): This student group, which engages in hemispheric propaganda activity from Miami under Agency direction, also retains strength inside even though its former leaders have been captured and imprisoned. In view of the Latin student's traditional characteristic of resistance to state controls we expect that the DRE can revive quite a few assets for action inside. Its external leadership is presently Manuel SALVAT Roque.

Representatives of these groups say they have formed a National Revolutionary Council (CNR) in Cuba, and many of their representatives have insisted they owe no allegiance to any exile organizations.

apparently referring to their own external groups, or to The Cuban Revolutionary Council (CRC). This attempt to form an internal merger has created considerable confusion in the organizations involved. Our best estimates of the groups' strength is that they could muster 600 - 700 action agents throughout the island.

... because of shortage of staff. From AMW INDIP HRC UR AMW INDIP, we will
... priority: Rescue, MDC and CPC.
... groups have come to us offering us boats. There are serious boats but
... away on tests they are inexperienced although ~~we~~ ^{they} are motivated.
... than 5% of those independent operations run most successful. They will

... problem of loading boats. It is in the realm of possibility they would be supported
... in future, but not until capable crews and good boats.

Next tentative operation proposed by AMWOD-1 - Five to six fishermen who
... have boats here (Miami), Cuban vessels, which can go in and out. We are
... investigating this. We have run one operation with this group. It looks good
... and we are going to develop.

Another independent, AMCUTLER-1, has contact with OSVALDO RAMIREZ in
... Escambray who desires support. We have given him guidelines for operations.
... claims he has 8-10 men with training and have infiltrated general staff people.
... We are trying to bring him back to group from which he came.

GARCIA BRITO - This group has trained radio operators here and forty men
... in Las Villas. Question of time and lack of communications with internal assets.

into use his know how.

20th of May Group - Have made request for support. Off-shoot of 20th of
November Group. As a splinter of this group, being advised to rejoin their
parent group. Exploring possibility of supporting them if they cannot rejoin
parent. Their plans come to us through AMCLATTER-1.

MERC - Requests are same as from other groups, and this is splinter of
MRR. We have told them to rejoin parent and provide them general guidelines.

who want
Independent group of camp trainers - 40 men and supplies and transportation
to Oriente. No communications and willing to sacrifice themselves in GW.
Given guidelines to forget about GW and get resistance plan. Their spokesman
is Fred Gault.

Independent Group of JUAN MESA - formerly of MDC. Generally collected about
four independent boats which he operates as coordinator. Running rescue operations
and wants support. For instance, wants support operation to infiltrate eight
children from west coast. Seeking support for an Oriente infiltration
team headed by PEPIN LOPEZ and 13 men. Turned him down. ~~EXACT~~ Don't
have capability to deliver.

Independent sub group headed by ALDO VERA SERAFIN wants training and support of formal sub group. Claims he will hit targets in Havana area. We have not even talked to him on basis of poor CI background. Spokesman is Conte Aguero.

Independent sub group of OSCAR DIAZ wants ^{same} previous group. Claim they can hit targets throughout Cuba. Also associated with Conte Aguero. WAVE experience with this man is such that we don't look kindly on this request. As member of FDR military he made things difficult.

Independent group - JULIAN DIAZ FERNANDEZ - Claims to have 300 constitutional army men inside. Radio out here. Willing to go back. WAVE exploring this. Will try to tie him to another group, but if unsuccessful and find his claims valid plan to support him.

ORLANDO SOUTO - proposes to harass a CTC rally in Cuasiguanas Stadium in Miramar tonight by firing 75 mm high-explosive shells into stadium from off shore. Told him no dice.

In addition, the CRC plan at Headquarters hand carried by Bob Davis and given to should be included in report. We would like to have it back soon.

One other operation - AMBANTY-J - This man has 300 people in Pinar del Rio. He is being trained and should go back in December
