RE: SSC Letter of 12 January 1976 (76-0083)

1. In an attempt to clarify the apparent confusion cited in para 2 of reference, we reviewed the file and based on an analysis of the Record and Routing Sheets, we have been able to ascertain that prior to the assassination the only FBI documents in the 201 file were the reports of SA Jahn Fain dated August 30, 1962 and July 3, 1961. The two documents referred to by Mr. Wall, namely the October 31, 1963 Report of SA Milton Kaack and the May 12, 1960 Report of SA John Fain while in possession of the CIA were not in the official 201 prior to November 22, 1963. The former was being routed to various components of CI Staff and not filed until either the day of the assassination or a few days later; while the latter was filed in another file unrelated to Oswald's 201. We hope the above serves to resolve any questions related to what was in the official 201 file on the day of the assassination.

2. Attached are 4 copies of the documents listed in para 4 of reference, with the following comments:

a. Para 4 B, items 69 and 70 are identical, hence only one copy is being forwarded;

b. Para 4 B, item 64 gives a DIR 67737 which is not part of the Oswald 201. We note in the 201, however, a message to DIR with an IN number of 67737 which appears to be the document in question and is herewith included;

c. Para 4 B, item 74, is a State Department document and requires prior clearance from State for release.

d. Para 4 C, item 2, requests Mexi 6543, believe Mexi 6534, is the correct document and is being provided vice Mexi 6543.

e. Para 4 E, item 28, asked for Mexi 7025 dated November 29, 1963 which is not in the file, we believe the document requested is Mexi 7125 dated November 1963 and is herewith attached. 92 NOV 1976

f. Para 4 E, item 29, requests Mexi 7026 which is not in the 201, apparently the correct document is Mexi 7126 which is attached.

g. Para 4 L, item 2. We could not locate the document in the Warren Commission Files. Mr. Dwyer said he would come to the building to check, admitting he may have provided wrong date and file number.

3. Attached are 4 copies of two additional documents, previously requested, which Mr. Dwyer asked on 22 January 1976, to be included with this package.

4. Attached is an iden list. Pseudonyms are indicated. Unfortunately on two occasions, we assigned two idens to the same name, therefore, note that Iden 35 and 54 are interchangeable as are Iden 26 and 29. Although we have attempted to correct the mistake on the documents, there may be a few which were overlooked. Sorry.
