Dear Ms. Denk:

Re: Response to CIA-12

The following is responsive to ARRB Request CIA-12.

The Agency has made a thorough search of its files systems in an attempt to find files on the individuals noted in referent request, namely, Ron Cross, Doug Gumpton, Bart Henry, and Ted Shackley, particularly as their Agency employment/association related to their service with JMWAVE. The following files were located and have been reviewed, or made available for review, by ARRB staff:

a. **Cross, Ron** -- An Office of Personnel Security file was found but, with research, it was determined that the subject of the file was not the Ron Cross sought by the search.

b. **Henry, Bart** -- No files were found on "Bart Henry," which appears to be an alias or pseudonym. Also, no information was found to the name being registered as an alias or pseudonym.

c. **Gumpton, Doug** -- Gumpton is an alias which was used by retired Agency employee William M. Kent; Kent's personnel file is in the JFK microfilm; the search found both his official Office of Personnel and Office of Security files.

d. **Sanchez Morales, David** -- Subject's Personnel and Security files are located within the JFK collection at JFK Box 244, Folder 23 and microfilm (box 64) Box 57, Folder 11 respectively.

e. **Shackley, Theodore G. Jr.** -- Subject's official Office of Personnel file; employee payroll file; official Retirement file; and, Office of Security file were located.

This completes CIA action on referent request. If you have any questions, please call me.

Sincerely,

MEMORANDUM FOR: Bonnie K. Hunter-Y-

FROM: Frieda P. Omasta @ DA

OFFICE: ADA/IRO

SUBJECT: CIA-12 (Shackley et al)

REFERENCE: Shackley, Cross, Henry, Gupton (CIA-IR-12) DA/IRO No. 12

Bonnie:

This is with respect to your 26 February 1998 note wherein you asked that we check HRM for personnel files on Ron Cross, Bart Henry and William Morris Kent. In an effort to bring the status of this particular tasking (CIA-IR-12) up-to-date, I provide the following:

My records show that on 18 July 1997 Barry requested that we conduct file searches on Ted Shackley, Ron Cross, Bart Henry and Doug Gupton. We were advised by Barry, and as outlined in a 22 May 1996 letter from ARRB to John Pereira, that Cross, Henry and Gupton are pseudonyms used by CIA personnel who testified to the HSCA.

Notwithstanding, we tasked OPS and HRM to conduct searches on these individuals in an effort to locate files. On 22 December 1996, I advised Barry that HRM had located files on Ted Shackley and would provide them to Barry via this office once they arrived from RC. It is my understanding that Becky gave you the OPF yesterday. HRM advised further that they had attempted to locate files on Cross, Henry and Gupton but failed to locate any files on these individuals in light of the fact that only the pseudos had been provided. We further advised that if in the future you have access to the true names, we will gladly search again.

On 23 December 1997, I advised Barry that OPS had located files on ~~Ted Shackley, Ron Cross and Doug Gupton~~ and that the files were in OPS for review. They were unable to locate a record on Bart Henry. It is my understanding that you have not reviewed these files to date but are in the process of making arrangements to do so. [redacted] conducted the search back in July and I am certain that she will be glad to you in this matter (40000).

CALL

And lastly, I have no record of ever having received a request to search on William Morris Kent. Accordingly, I will request OPS and HRM to do so.

Please let me know if I have misinterpreted the status of this request. Thank you. Frieda

**Re: Status of Assassination Records Review Board Requests to CIA for
Additional Information and Records**

Dear Barry:

I am writing to memorialize our conversation of October 1 regarding the status of Assassination Records Review Board requests for information and records from the CIA.

We discussed the following formal requests:

CIA-1 (Organization materials)

CIA has made records available to the Review Board. The Review Board staff will continue its review and make recommendations to the Board and will request further information, if necessary, from CIA. CIA needs to do nothing further at this time.

CIA-2-5 Complete

CIA-6 (Cables and dispatches)

CIA originally informed the Review Board staff that these materials could be made available by December, 1995. CIA now agrees to make the records available (or to have a response) by the first of November, 1996.

CIA-7 (Histories)

Mexico City. CIA has shown the Mexico City history to Gunn. CIA will compile the portion of the history that was shown to G. Robert Blakey,

Mr. Barry Harrelson
October 7, 1996
Page 2

which will be processed as an assassination record. Gunn will then determine whether there are any additional portions of the history that should be added to the Blakey version. CIA will compile the "Blakey version" as soon as possible and Gunn will promptly thereafter review the documents.

Index. CIA has made an index available to Review Board staff and the staff has identified certain histories that may be appropriate for review. CIA will make available those histories that are of obvious relevance, and will raise with Review Board staff any questions regarding the requests where the basis for the request is unclear. CIA will begin to make histories available on a rolling basis. Review Board has agreed to review histories promptly once they are made available. Although it was not discussed at our meeting, we would very much appreciate it if you would, within the next two weeks, identify which histories you are prepared to make available and those that CIA believes should be subject to further discussions.

Cram's multi-volume counterintelligence history. Although Cram's history was not specifically discussed at our meeting, the Review Board staff understands that the history has been located and the Review Board staff awaits its being made available.

CIA-8 (Intelligence community staff)

CIA will provide a report to the Review Board staff within two weeks.

CIA-9 (Publications and analytical materials)

The Review Board staff provided CIA with a list of certain publications as they appear in an LBJ Library finding aid. CIA will report back on recommended action to the Review Board promptly.

CIA-10 (Interagency source register)

CIA has compiled information responsive to the request. CIA will make records available within two weeks.

CIA-11 (Duran's original statement)

Mr. Barry Harrelson
October 7, 1996
Page 3

CIA has been unable to identify to date Duran's original statement. CIA will make some further attempts to locate it.

CIA-12 (JMWAVE materials)

CIA will begin to make materials available on a rolling basis.

With respect to the informal requests, it is our understanding that:

CIA is inquiring into matters related to Spas Raikin. The Review Board staff will discuss issues with CIA once the pending research is completed.

CIA is locating a cable number IN 24738 (7 July 62), which is identified in record number 1993.07.20.10.18:29:650630 (Box 34, F 22), p. 2.

CIA is inquiring into matters related to Marilyn D. Murrett. The Review Board staff will discuss issues with CIA once the pending research is completed.

CIA is continuing to search for HTLINGUAL records, particularly those identified in Church Committee index that was provided to CIA by Review Board staff. CIA is prepared to provide oral briefing on HTLINGUAL.

Please let me know if you have any supplements or corrections. We would very much like to ensure that these matters are handled expeditiously.

As always, thanks for your cooperation and assistance.

Sincerely,

T. Jeremy Gunn
General Counsel and Associate Director for Research

Re: ARRB Request for Additional Information and Records No. CIA-12

Dear John:

Pursuant to its authority under the President John F. Kennedy Assassination Records Collection Act of 1992, the Assassination Records Review Board requests the following:

1. Access to all 201 files, personnel files, Office of Security files, P-files, or any other files related to David Sanchez Morales.
2. Access to all 201 files, personnel files, Office of Security files, P-files, or any other records relating to Ted Shackley relating to his service at the JMWAVE station between 1962 and 1964.
3. Access to all 201 files, personnel files, Office of Security files, P-files, and any other files relating to Ron Cross, Bart Henry, and Doug Gupton related to their service at the JMWAVE station. It should be noted that these names are pseudonyms, used by CIA personnel who testified to the HSCA.

This request should be interpreted in its broadest possible sense. To the extent that you question whether a particular file or record is encompassed by our request, please let us know and we can advise you whether we seek to include it.

Should this request impose an unreasonable burden on you that we may not have anticipated, please advise us so that we can work with you to modify or amend the request accordingly.

In requesting access to these materials, we are not designating them "assassination records" and we are not, at this time, requesting that copies be given to the Review Board.

Thank you for your attention to this matter.

Sincerely yours,
