MEMORANDUM FOR: Deputy Director of Central Intelligence
 VIA : Deputy Director for Operations
 FROM : Lawrence M. Sternfield
 Acting Chief, Counterintelligence Staff
 SUBJECT : Ruby-Oswald Conspiracy

1. ~~The~~ Evening Star of 9 July 1976 carried an inside article entitled "Ruby Met With Castro, Sturgis Says". The ~~five~~ paragraph article made the following points:

A. Watergate burglar Sturgis says Ruby met ~~Castro~~ and discussed "removal" of Kennedy ten weeks before the assassination.

B. Sturgis passed above information to US ~~Government~~ agencies in early 1964.

C. Sturgis' investigation of Cuban exile involvement ~~in~~ assassination was negative.

d. Sturgis refused to identify agency for which ~~employed~~, but is known to have worked for CIA.

E. Sturgis said his investigation produced evidence ~~that~~ Oswald and Ruby were involved in the same conspiracy along with other people.

2. ~~The~~ following comments re Sturgis' remarks are based ~~on~~ agency ~~records~~:

A. With regard to the report that Sturgis was ~~employed~~ by the Agency the report of the Rockefeller ~~Commission~~ on page 252 says that Sturgis testified

under oath that he was never an employee of the Agency and a search of Agency records revealed no evidence of such employment in any form.

B. The Agency did ~~report~~ ^{forward} to the FBI in CSCI 3/779,814 on 30 January 1964 ~~that an unevaluated~~ ^{INFORMATION from AN} ~~report~~ ^{EXILE ORGANIZATION} of a visit by Ruby to Cuba in late 1962-early 1963 had been received from Havana. This same report received press distribution and was widely known in the Cuban exile community in Miami.

C. There was no confirmatory information for that report either before or since it was made.

D. In considering the matter of Agency diligence and thoroughness in investigating the assassination of President Kennedy, the main point is that the information was reported.

E. There is no record in the Agency that this information was reported to the Warren Commission by the Agency ^{OR} ~~of~~ the Bureau. In fact National Archives state that the Warren Commission records do not contain the information.

F. On the same point it is noted that in a memo to the Warren Commission on 15 September 1964 the DDP Mr. Karamesines said, "The Agency has no indication that Ruby and Oswald. . . might have been connected in any manner."

G. It is clear from our records that the ^{JANUARY 74} memo-
 randum to the Bureau on Ruby's visit to Cuba was in
 the file material which was made available to ^{DAN DWYER JR OF} the
 Senate Sub-committee staff on 1 December 1975.

Care Leaflets Distributed by Boston Police

BOSTON (AP) — The Boston Police Patrolmen's Association began distributing pamphlets identifying Boston as "Crime City, A." yesterday and said the streets are unsafe for tourists. Union spokesman said police officers also would be making arrests unless Kevin H. White mediates a dispute between the union and Commissioner Robert diGrazia. Among the union's complaints is diGrazia's altera-

...their fares to meet compe- state Public Utilities Com- tion.

THE CASE — which arose from a 1971 complaint filed by Ralph Nader — primarily involves fares charged in California and Texas, where there are local intrastate airlines (those that fly solely within a single state) not regulated by the CAB. In both states fares between cities within the state are substantially lower than those normally charged by interstate airlines.

As a result, interstate airlines long have maintained two sets of fares for the states involved — one for interstate passengers and one for intrastate passengers. The fares involve only points within each state, and interstate passengers are not affected unless they wish to travel within either California or Texas.

In recent years, as word of the difference has spread, even knowledgeable long-distance travelers have been able to buy lower-priced tickets on trips to Texas and California by specifying they want the intrastate price.

Most passengers, however, are unaware of the difference and wind up paying far higher fares.

ACCORDING TO the June 1976 Official Airline Guide, for example, the intrastate fare between San Francisco and Burbank (a Los Angeles suburb) is \$25.50. The interstate fare is \$30. Between San Antonio and Houston, intrastate passengers pay \$15 while interstate passengers are charged \$31.

In issuing the ruling, the CAB authorized the interstate airlines involved to lower their fares to the extent necessary to meet competition.

Ruby Met With Castro, Sturgis Says

MIAMI (UPI) — Water-gate burglar Frank Sturgis says that Jack Ruby met in Havana with Fidel Castro 10 weeks before the assassination of President Kennedy and discussed "removal of the president" along with arms purchases for Cuba and smuggling of illicit drugs into the United States.

Sturgis said in a telephone interview yesterday that he "and other agents" passed that information on to various government agencies early in 1964, before the Warren Commission completed its hearings, but he is uncertain whether the information was ever made available to the commission.

Sturgis said he had been assigned to investigate possible involvement of Cuban exiles in the Miami area in the Kennedy assassination. He said neither his investigation nor that of fellow agents turned up any Cuban exile tie with the shooting of Kennedy.

He refused to say for what agency he was working, or who gave him the assignment. Records have indicated that he was working for the CIA at about that time.

He said the investigation did produce evidence that Kennedy assassin Lee Harvey Oswald and Ruby, who shot Oswald while he was in police custody in Dallas, "were involved in the same conspiracy, along with other people."

Two hundred years ago, the colonies were fighting for independence. One hundred years later, the United States of America was a nation, recovering from a civil war and on its way to greatness. This feature shows life during both those times — 200 years ago 100 years ago today — as reported on the front page of a color paper in 1776 and on the front page of The Evening Star in 1876.

200 Years Ago: Pa. Gazette

Philadelphia, June 10. Extract of a letter from St. Eustatia. In a Bristol paper of May 4th, it is said that foreign troops were ordered to sail with the fleet, and that Lord Howe took leave of the fleet, and set out from court on the second of May to take command. It is still uncertain about the Commanders, but on the 13th of April it was said command were making out to appoint five: Lord and Gerard and Mr. Cornwallis; were two of them, the number uncertain; but some said they were to be General Pownall and one Mr. Mills; they are to receive commissions, and grant pardons, but not till they laid down your arms.

About five hundred vessels are to carry the olive branch with a great number of flat-bottomed boats, nine thousand wagons, twenty-seven thousand horses, and from thirty to fifty thousand men. The number appears still uncertain, but no doubt numbers are great by all which it is to be a great ceremony is to be used on this most solemn occasion. Burgoyne is to command at Quebec, Clinton to the southward; Lord Howe to command the whole.

The Queen has brought another princess to the throne.

100 Years Ago: The Evening Star

A Martyr To Science. A Burlington naturalist last September while investigating the causes and effects of the poison of a wasp, nobly determined to make of himself a martyr to science, and accordingly he thrust his thumb into an impatient insect he had caged in a bottle. The wasp entered into the martyr business with a great deal of spirit, and backed up to the thumb with an abruptness which took the scientist by surprise. He was so deeply absorbed in the study of remedying the wasp that he forgot to make any notes of the other points of connection with stings, but his wife wrote a paragraph in his note-book, for the benefit of science, to the effect that the primary effect of a wasp sting is abrupt profanity and terrific profanity, followed by an insatiable desire, fairly amounting to a mania, for ammonia, camphor and raw brandy.
