At this point Harvey reviewed the rest of the file memos I had brought. With regard to the accounting against QJWIN/ZRRIFLE for some of the activities he engaged in with Roselli, he suggested that he always thought of ZRRIFLE as the overarching crypt within which were the QJWIN operation and the ZRRIFLE : : : : explanation of executive action. He said that he used QJWIN/ZRRIFLE sometimes in connection with the Roselli activities, but only after there had been some initial mixup by the finance section which resulted in his general ZRRIFLE activities and QJWIN operation being slugged the same combined crypt of QJWIN/ZRRIFLE. With regard to a note that referred to Henry Manfredi, Harvey did not know why his name was on notes in the QJWIN file, except that he was a highly talented narcotics expert who worked both in the Justice Department and the CIA and who might have been involved in the evaluating of or checking on potential assets whom QJWIN had spotted in Italy. (The file does reveal that QJWIN spotted assets in Italy.) With regard to the small note in the file that simply says "John Ralston — John Roselli -- William Walker."
