9. Justin O'Donnell. Mentioned on page 38 of the report, O'Donnell was to have been in charge of the assassination of Patrice Lamumba by agent QJWIN; however, he surveyed the scene and decided he wanted no part in an assassination attempt.

10. ~~Bruce Cheever~~ He was Harvey's deputy in 1962 and was listed on page 55 as having been witting of Phase II.

1(A)

11. Lawrence Houston. First mentioned on page 62 of the report. He was requested by Colonel Edwards to call on an Assistant Attorney General to explain the bugging incident in Las Vegas. It appears from the IG report that Houston was witting of aspects of Phase I which led up to the wiretapping incident. On May 7, 1962, Houston, along with Sheffield Edwards, briefed Attorney General Kennedy on the Phase I operation.

Talked

12. General Carter. Carter was DDCI under John McCone. In April, 1962, he was briefed by Houston on Phase I. He said he "understood" the situation and "in due time might brief the Director, Mr. McCone." However, the 1967 report states, "There is no indication that General Carter was further briefed on the full details of the assassination plot against Castro."

Talked

13. Robert A. Maheu. Maheu, of course, was the private investigator who served as the Agency's contact with Roselli during Phase I.

14. Edward P. Morgan. He was Maheu's attorney in 1966 when the CIA intervened with the Long committee. He excused Maheu as a witness in its investigation of invasions of privacy. According to the IG report, Maheu indicated that he might brief his attorney Morgan fully about his past activities so that Morgan would be able to decide how best to represent him.

15. Desmond Fitzgerald. Fitzgerald became head of the Cuban task force in January, 1963. Mentioned on page 75 of the report, Fitzgerald said that the skin diving suit plan began while he was head of the Cuban task force.

16. Samuel Halpern. The IG report, page 75, states that Halpern said the skin diving suit plan had begun under William Harvey and that he, Halpern, had briefed Fitzgerald on it.

17. George McManus. He was a special assistant to DD/P Helms in 1963. He had been told of the skin diving suit plan by Halpern and later mentioned it to Mr. Helms.

21. ~~Red Stent~~. According to the report, page 88, he was another CIA officer who had met with Cubela and ~~Tepedino~~.

22. ~~Robert Owen~~. He was a CIA officer ~~of the Paris station~~ in 1964. He participated in meetings with Cubela. He is mentioned on page 100 of the report.

③ 23. Juan Orta. First mentioned on page 25 of the report, he was said to be the "inside" man who was going to plant pills in Castro's food. Apparently, the Agency, in 1967, felt that Orta was either in the U.S. or otherwise available. In speculating as to whether others could reconstruct the details of this report, it stated, on page 123, "Orta can confirm the pill element of Phase I."

④ 24. Tony Varona (Dr. Manuel Antonio De Verona de Loreda). Varona was used as a funnel for pills in Phase I. He was a prominent member of the Cuban exile community. Varona was also mentioned, on page 132, as a possible source of information about Phase I.
