did not understand guarantees that had been given.

At this point Adoula stated if Tshombe returns to Leopoldville, he will give him every guarantee of security, but Tshombe and delegation must be confined to Royal building and only allowed leave it to go to meeting. Also no one would be permitted visit Tshombe. With reference Tshombe's doctor, Adoula noted latter is still under expulsion order dating from pre-independence time and questioned that Tshombe really sick. Kasavubu reiterated importance of excluding foreign influences in talks and added action should be taken to implement SC resolutions on ousting of mercenaries and prevention of arms shipments into Katanga. Gardiner noted physical impossibility for UN with present forces to fully control lengthy Katangan border despite best efforts.

Kasavubu voiced growing anxiety over Belgians who he thought were a real danger to Congo and should not be trusted until certain problems between Congo and Belgium settled. He requested UN not employ any Belgians in Congo and stated categorically his government would cease all collaboration with UN if a Belgian were employed by the UN in a responsible capacity. Adoula interjected that it most important to liquidate the past so far as Belgium concerned and to devise forms of cooperation with Belgium and other countries. He stated Congo wants to prove to Belgium that "we can live very well without them".
