**Subject:** letter from Chair to interested parties  
Mary has just informed me that some of the numbers are incorrect in the letter. There are more than 10 docs. from "201" file that need to be reviewed. Unfortunately, the letter was sent to the e-mail list. Until this is corrected, I thought it best not to send it to Lesar, etc. But I will send him and the others the sunshine act notice by fax this evening.
