**Subject:** Minnesota News Network interview with Jack

Today after the Board conference call with David (beginning at 4 pm), Jack will call Patty Marsicano at the Minn. News Network, to conduct a 5-10 minute taped interview about the Rankin papers. Jack is in Duluth, MN at a conference, but he has access to a phone and a fax. I faxed him the press release, the excerpts, and Lardner's article. He needed something quick as he was heading into a meeting. If there is something else that you think he should definitely have before the interview, I can send it to him, or perhaps David can relay some information to him during the conference call. Let me know what you think. Thanks.
