Subject: Jim Toner of Kodak Called Doug Horne
CALL REPORT: PUBLICDocument's Author: Douglas Horne/ARRB Date Created: 12/11/97 The Players
Description of the Call Date: 12/11/97Subject: Jim Toner of Kodak Called Doug HorneSummary of the Call:Jim
Toner just called me to say that the Kodak Report on the work done on President Kennedy's autopsy materials
will be completed on or about December 17, 1997. He said that Kodak's present plans are to have the report
reviewed and signed by Kodak management officials WITHOUT the photographic materials/images present--a
change over previous plans which would simplify matters greatly.If Kodak's interim decision to sign a report
without images present were to change, then he will be back in touch with either me or Jeremy Gunn, and the
options would then be for a NARA employee to travel to Rochester with the thermal images, or for a Kodak
employee to travel to Washington with the report and review the report alongside the images in the
Archives.He thanked ARRB again for the personalized thank you letters sent to Kodak employees; he said our
action was deeply appreciated on a personal level by many of the recipients, and that NONE of the personnel
assigned to "Special Project A" were impacted by the most recent Kodak downsizing, which just took place a
few days ago.I asked him to speak with Jeremy Gunn later this month in the event he called and I was absent
on leave. END
