Subject: Seeking cooperation of Gerald Posner
Dear Members of ARRB: This may be the last chance to set things right and give democracy a chance. Lies won't do it. Sealed files won't do it. National security as an excuse won't do it. Most especially, another work of deliberate fiction by Gerald Posner just poisons the well from which the "fixed media" forces us to drink for lack of alternative sources. The Board has a voice and a stick to force this Posner to face inquiry which he has thus far avoided. I urge the Board to force Posner to divulge the sources that gave him data to write Case Closed. Pearl Gladstone
