Subject: Re: Groden/O.J. Transcripts

Dear Martin and company: Let me know if there is anything interesting on the Grodin and O.J. case. Is he for the defense or for the plaintiffs? I don't see another Oswald. Don't forget who started the George Bush and O.J. connection, it's Arnold Palmer who was both of their friends and the man behind the oil that is Pennzoil. Hugh Liedtke, BUsh's old ZIA partner in off-shore speculation in Cuba. Now you're talking conspiracy, but is it a distraction from the real story? Spoke to Jack White of Dallas on phone other day. I heard that one cannot get a virus from E-Mail. That is what I was told, I don't know for sure. I enjoyed Jack White's article on the postmark Oct 20th circa 1963 on his draft card. Showing that someone dropped it in the mail box to return it, or have it show up as evidence. I have a couple of notes from James Earl Ray. Do you know anything on Ray's ties to General Clyde Watts, of Oklahoma City? Interesting item is that James Earl Ray was born in Alton, Illinois. Founded by Rufus Easton, 4th gr. father in 1817. In 1972 the city of St. Louis changed their main blvd. from Easton to Dr. Martin Luther King blvd. See web-page for Easton's part for abolishing slavery. Easton was also first postmaster of St. Louis, and as a former Postal Employee I checked the Zip code directory and found about 40 streets named after slave owners. Yesterday in Santa Cruz we had a doctor who opened up a X-mas package and it blew his hands off. A bomb, I rode right through the blockade not knowing what had happened. I was trying to figure out what all of the ATF jackets were doing there. I was on a bike and not in a car. Now the CIA, Clinton, FBI and any other organization has a reason to be in Santa Cruz. How cozy. The rumor has been generated that he was the victim of a bad divorce case. I have other feelings about it. I heard that last week Clinton had in his house a guest a friend of his Oriental friend [Tree?]. Well one of the guests was from Soquel right next to Santa Cruz, CA, The guest six months was arrested for trying to embezzle[sic] either in or out of the country to China or into the U.S. Don't know any more about this, but find it interesting. Is it possible to check the Conspiracy news articles to see if my book review from Veteran's Voice is still up? What to see how long it stays up. If they are pulling it down I would like to keep putting it up. Volume I and II have been redited and all changes are in the computer this week. I still need to get the photograph and letters which were scanned in, in order and work on them. I tried to send an E-Mail to Gary Aguilar and Richard Bartholomew but their addresses came back. Ed, let me know if you like the new Timeline Chart, size wise and the index. Merry Christmas
