**Subject:** Hosty release

Even though the Deed of Gift is not signed by Archivist Carlin, Steve Tilley said there is no problem issuing the release. Steve said further that as long as we are willing to provide copies of selected materials to those who want it, there is no problem on his end. I explained also that the release does not say "the documents have been transferred to NARA." I'll fax it today and send by e-mail, and do the mailing tomorrow.
