**Subject:** VMS news coverage hit list and cost

Per David's request I called Renee Robertson at VMS to discuss the (future) \$10 charge for each hit. She said that monitoring our coverage and printing a neat list such as we receive does require work that VMS must now charge us for; "they are really cracking down on this now," she said. She did say that she does not mind providing the hit list over the phone -- this is free because apparently it does not require the same amount of work as putting together the printed list. I thanked her for providing these lists to us free of charge in the past, and told her we will be contacting her soon if we decide to purchase any coverage of the Zapruder meeting.
