**Subject:** Re: ARRB press release -- attempt #2  
Eileen, Was there a problem in sending this? I got three copies. All end with, "TheAssassination Records Review Board, the independent federal agencyoverseeing the identification and release of records related to theassassination of President John F. Kennedy, announced today that it hasacquired the original personal papers of the late Clay Shaw, the NewOrleans businessman charged with conspiracy to murder President Kennedy" As there was no period after "Kennedy", I'm wondering if there was more tothe press release? Thank you very much for informing me of the hearing on H.R. 1553. Joseph Backes
