Re: 100 PERCENT PROOF THAT THE ZAPRUDER FILM WAS ALTERED

Vincent M. and Jessica K. Palamara wrote:> I think, with all due respect, that the days of big-time,> formal conferences are over. Between the networking going on via the> "information superhighway" (a.k.a. the Internet)I respectfully disagree. The information super has greatly impacted the"hardcore" community, but you have forgotten that we (those of us with apc) are the minority. Moreover, nothing will ever replace the type ofnetworking that can be accomplished face-to-face. Even if the worldwere networked the symposium would still play a major role.> The general public, while OVERWHELMINGLY on> our side, does NOT attend any of our conferences.Because conferences/symposiums are for the hardcore, not the generalpublic.> What can we do? Keep active on this information superhighway, share> your information with all who request it (within reason),Agreed 1,111,111%.> and stay on course about what we can all AGREE with and that which we know to > be TRUE:The moment a concept is accepted as fact we endanger ourselves. Openminds, debate and the sharing of information lead to success.Kathy Cunningham
