Subject: CE 399, a.k.a. "the magic bullet", the chain of possession...and the Secret Service
 THE SECRET SERVICE AND CE 399 by Vincent Michael Palamara The following is a compendium of all the anomalies pertaining to what I like to refer to as the "legitimacy" of CE399, including the Secret Service's handling of it: [in no particular order] 1) CE2011-O.P. Wright, Darrel Tomlinson, Chief James J. Rowley, and SA Richard Johnsen could NOT identify CE399 as the bullet they all allegedly handled on 11/22/63 ("over-the-counter" references: "JFK-Conspiracy of Silence", p. 133; "Crossfire", p. 365; "Reasonable Doubt", p. 70); 2) 24H412-Although two FBI agents (Todd and Frazier) initialed the bullet they received from the Secret Service, Johnsen and Rowley did NOT, breaking the legal chain of custody; 3) CD7-Although the bullet was "officially" found on a stretcher in a corridor of Parkland Hospital, the FBI (Sibert and O'Neil) reported that it was found in the emergency room!; 4) a) Sibert and O'Neil interview of SAIC Jerry Behn, 11/27/63-the same FBI agents bypassed Johnsen and spoke instead to Behn (not even IN Dallas) about "the location of a bullet which had been found on a stretcher at Parkland"; 4) b) RIF#180-10104-10481:HSCA interview of SAIC Behn- Incredibly, Behn "stated that he was in the chain of custody of CE 399-Behn received the bullet from Johnsen, then turned it over to the FBI" [WHAT ABOUT ROWLEY?]; 5) Price Exhibits, Warren Commission Volume XXI - O.P. Wright, the man who allegedly gave the bullet to Johnsen at Parkland, does not even MENTION this very important find at all in his report(!); 6) Darrel Tomlinson, O.P. Wright, Nathan Pool-all described a DIFFERENT bullet than CE399 (pointed, hunting-type) ["Six Seconds in Dallas"; "High Treason", p. 102; HSCA document-interview with Nathan Pool, 1/10/77; etc.]. According to research done by Josiah Thompson, the bullet was found on a stretcher used by a young boy named Ronny Fuller!; 7) LBJ Library document-Memorandum to File-According to Chief James J. Rowley, CE399 "was found amongst the clothes on one of the stretchers." If that wasn't enough, Governor Connally stated in his autobiography called "In History's Shadow," "But the most curious discovery of all took place when they rolled me off the stretcher, and onto the examining table. A metal object fell onto the floor, with a click no louder than a wedding band. The nurse picked it up and slipped it into her pocket. It was the BULLET FROM MY BODY, the one that passed through my back, chest, and wrist, and worked itself loose from my thigh" (emphasis added-p.18; "The Investigator" Feb-May 1994). Corroborating Connally's memory, from the 11/21/93 Dallas Morning News interview with Henry Wade: "I also went out to see Connally, but he was in the operating room (note the timeframe). Some nurse had a bullet in her hand, and said this was on the gurney that Connally was on...I told her to give it to the police, which she said she would. I assume that's the pristine bullet" ("The Investigator" Feb-May 1994). Finally, Gary Shaw (in the 11/22/93 "Dateline: Dallas" issue) came across this passage from the Warren Commission testimony of Parkland nurse Jeanette Standridge:
