Eileen,I could have sworn there was one for April 30th., maybe I'm going by when I saw something in The Federal Register. I know you sent me one Okay, you sent me the one that is probably for March 30th. In the Summary you note that the Board voted by notation on March 30th, and this has a date above Jeremy Gunn's signature for April 2nd, 1998. So, I think I need the April 13th one then. Sorry if I caused confusion. Joe Backes
