Subject: Re Church Committee Letter

Jeremy -- I feel comfortable with the letter on the Church Committee records if you want to send it out next week. The only advantage in waiting until I get back is for me to re-check some of the transcript references (there may be additional ones to request), but the letter makes clear that we do not purport to have identified everything that might be relevant to the assassination. On balance, I would send it just to get the ball rolling. --
