Subject: Ben's Friend

He made an initial visit over the weekend. In response to his inquiry to a staff person about research, the person, who was somewhat uninformed about doing research, gave him the name of a person (someone we know very well) to call. Unfortunately, Ben's friend told me that because of time constraints at his place of employment, which initially he did not foresee, he will not be able to follow-up on the next phase of the project. I can give you more details when we talk.
