Subject: 1-28-98 conversation with Robert Adler

I spoke with Bob Adler today regarding the White subpoena. He told me that he would be filing an objection to the subpoena (wherein he would be objecting to certain categories of records/objects that we requested). We also went through the subpoena and he made comments about what he would produce. I will fill you in on all of this when you return. Also, we changed the date for the deposition to February 18, 1998 at 9:30 a.m., at ARRB offices. I will talk with Tracy about obtaining a court reporter. Also, I will give our DOJ contacts a call to let them know the state of things.
