Subject: Jack's Testimony

David: In drafting Jack's testimony for your review, I have included a section with a sample document, a "before and after" of one of the Swiss/FBI documents. It seems to grab all audiences as a graphic example of what the Board is doing. We currently include this sample in the information packet that Eileen gives out. I would like Jack to hold the "before and after" versions up for the Committee, but I would like to have a larger version. Could Eileen check on getting it blown up so the Committee could see it better. If there is press there and photographers, this is the photo they would use. Eileen can show you what we put in the packet. Let me/Eileen know what you think. I'll have a draft of the testimony ready tomorrow (Wed.) and you can see how it fits in. Tom P.S. I would include the "before and after" as an attachment for Jack's written testimony, along with any other attachments/graphs that might be helpful.
