Subject:	It's that time again....
Body:	The next (and final!) group of Indiana interns will be here June 16-18. I need projects! Lots o' projects! This group was very important to our (apparent) extension success, so it would be nice if we were able to have a full work load for them. We have 13 kids coming this time, so I need as much as you can give me. Thank you for your support. Have a nice day.
