| **Subject:** | Audiovisual database for research projects... |
| **Body:** | I forgot to mention (after the interns left), that this is available & I'd appreciate people trying it as needed re: their projects...This will tell me if it is of any use & how the interns can improve it during their next visit...It's supposed to make looking for any photo, film, audio, diagram or video stuff we're working on easier...Thank you...This is what it looks like: |
