Subject:	front door
	As you exit the door from our secure space into the reception area, you will notice a little tiny button that is labeled "life safety push". PLEASE DO NOT PUSH THIS BUTTON IN!!! This button is often pushed in which will not allow the combination lock to be secured and causes the alarm to go off when someone is trying to lock up for the night.Again, DO NOT PUSH THIS BUTTON IN. If you have any questions about this, please see me.
Body:	Thanks.
