RESPONSEDocument's Author: Sheryl Walter/ARRB Date Created: 01/26/95Key Thought: Report re FBI recordkeeping ("O'neil report") Steve Tilley did give me an excerpt from a submission in a D.C. District court case before Judge Harold Greene that dates back to the late '70s/early 80s. The case was American Friends Service Committee v. Webster, which dealt with the FBI's destruction of documents in its field offices. I don't know whether this is what was referred to as the "O'neil" report (there's nothing on it to so indicate), but it sounds like it. I've given a copy of the report to Phil to make copies to distribute and have a copy in my files if anyone wants one.
