Subject: mail address

Body: David what about removing the Board from the all list and let people add the board group to messages if needed.Also lets move to the Where in the World database.To: Chet Rhodes/ARRBcc: From: Kevin Tiernan/ARRB Date: 03/13/95 03:42:34 PMSubject: mail addressWill you give us an address category which is exclusive to the staff. The board does not need to be cluttered by my mail saying that I am going to spend the day at College Park tomorrow. If I had one that went to "staff only", that would be useful.
