Subject:	More Database Stuff
Body:	Hi - it's me again.1) I found Issue #8. It appears under the Issue #7 View screen as some of that "miscellaneous junk" I mentioned earlier. I really would like Issue #8 to have its own line on the View screen. Can you help me with that?2) Some of the documents I created on 4/18 say they were created on 4/14. Any ideas about that?and just so you do not think all my problems are with the investigations database:In WP, when I'm in the g:investig directory I cannot edit a document after I create it. This does not allow me to edit letters, for example, after I've typed the first draft and saved it.
