Subject: Next Monday's training

Per my email to everyone scheduling the ethics and records briefing for next Monday morning, we should try to get packets of materials put together sometime soon. I know you're crazy-busy -- just send me an email letting me know when you think we can do this. Also, could you give me a copy of the study guide you just got and the smaller, new booklet OGE sent you? I need to start reviewing these sometime soon. Thanks!!!
