Subject: Next week's presentation to the Indiana Kids

I am organizing a briefing for those kids from Indiana on the activities of the ARRB thus far and what it has found to date. The briefing will be done on Monday morning. What I'm wondering is if you would be able to provide me with information as sort of a report from the CIA team. Better yet, could you give them the info in person? I will understand if you are busy, and will be more than glad to present whatever you give me myself... I just thought it might add something to the briefing if the team leaders spoke. This is all time permitting, of course. Thanks.
