Subject:	Bruce Adamson
Body:	I've been thinking about Bruce Adamson's request for a budget breakdown (and I talked to Dennis and Tom about it briefly) & I have two quick questions -- (1) do we have a fairly succinct list of the budget at all? and (2) if yes, would there be any reason not to just go ahead and give it to him? (Isn't it public information, anyway.) Whatever we decide, we should respond to him in a substantive way (presumably by getting him some sort of a breakdown, if it exists) by no later than next Friday (the 23rd.)
