**Subject:** Were you already aware of this?  
On June 20 I interviewed William Davy, a Garrison/assassination researcher. The following is an excerpt from my interview report with him, which you can find in Gum Shoe at Issue #8 at today's date. " Davy also mentioned that in Michael Kurtz's article "Lee Harvey Oswald in New Orleans - A Re-appraisal" (published in 'Louisiana History' magazine) Kurtz mentioned a 98,000 page collection of FBI and CIA records about the assassination at Southeastern Louisiana State University in Hammond (where Kurtz teaches)."Is this collection something the Board is already aware of - or is it something not available from other sources which we need to include in the JFK Collection?
