Subject:	ARRB Record Tracking Chart
Body:	FYI - on Monday Jeremy gave me a copy of the Chart in case I wanted the information on it for leads on non-federal investigative leads. I told him I already reviewed an early version of the chart and found several investigative issues to open. I offered to read the revised list and to "assign myself" anything that was non-federal in nature. I gave the list with my notes to Noelle and she added my name in the appropriate Staff field and filled in the work I suggested in the Action field. At some point you and I need to talk about some of these items because I want to know if they constitute investigative priorities as determined by you and the Board.
