**Subject:** former HSCA staff, etc. - update

David - Joe has assembled a list of HSCA consultants and is working on the list of staff. We need to decide if it is appropriate to: 1) ask the House Oversight Committee (formerly House Administration Committee) to help us get what we need (staff/consultants list and identifying information) for the Pike Committee and the balance of what we need for HSCA;2) ask the Senate Rules Committee or Governmental Affairs Committee for their assistance in getting the same information for the Church Committee;3) ask DOJ for the Ramsey Clark panel report, names and identifiers;4) ask NARA or whomever has the Warren Commission records for the same;5) ask whomever has the Rockefeller Commission records for the same. (Who does have the Rockefeller records?)David and Jeremy - What legal considerations must we anticipate and include in writing a letter to the members, the staff and the consultants? (See Andy Purdy's Call Report at Issue #23, 6/19/95). David - who do you want to begin drafting the letters that will go to the various groups within each organization? Will this remain an investigative function after all the names/identifiers are located?
