Subject: LHO in New Orleans

Please read the message below. The first attempt to send it seems not to have worked. To: Anne, Joecc: David, Tom From: Jeremy Gunn/ARRB Date: 07/11/95 07:32:10 AM Subject: LHO in New Orleans I read with interest Joe's memo on LHO, Education, and Employment. I am very interested in our following up on, among other things, Oswald's tenure at Reily Coffee Co. It is my understanding -- and I may be incorrect -- that FBI reports on Oswald prior to the assassination presumed that Oswald was working at Reily up to the time that he left for Mexico City. I recall that Hosty (from Dallas) checked with the employment office at Reily in September and was told that Oswald was still working there. Prior to the assassination, the only source on Oswald's having left Reily in July was Oswald himself. After the assassination, the Warren Commission sought to show that Oswald had in fact left Reily in July. There have been some allegations -- the value of which I do not know -- that suggest some Reily pay stubs were forged. I think it is important to track this down and to search for originals whenever possible. Additionally, I would like us to pursue some background on William Reily. It has been alleged that he was a major fundraiser for the CRC (through another organization). If true, that links Reily (at least in organizational affiliation) to Banister, Arcacha Smith, Bringuer (and possibly Quiroga and Pena). What suggestions do you both have? I would like to raise this at the Priorities Committee meeting today.
