Subject:	Boring project if you're looking for something to do
Body:	I'll be at Archives I in the vault most of today, copying documents HSCA received from the Secret Service. This is a fairly high-priority project for a couple of reasons, not the least of which is the fact that I'll be gone next week and therefore need to finish it by the end of the day Friday. If you're not otherwise engaged in another project, and wish to join me in pulling and copying documents, feel free to do so!
