Subject: Intern task for today

Body: I'll probably be at Archives I when you read this. If there are any interns floating around today, I have a highly boring but necessary task they could help me with. On my desk is a stack of some 200+ RIFs of open documents HSCA got from the Secret Service. I'm going to have to ask Steve to pull these so I can -- essentially -- copy them, probably tomorrow. That requires that I do a memo listing (in numerical order) all the boxes I need Steve to pull. If an intern could sort the pile of RIFs by ascending Agency File Number/Box, that would save me a lot of time. This is part of the Jeremy/Joan Secret Service/deposition project. Thanks.
