**Subject:** Farris Rookstool III

According to the FBI in Dallas, Farris has never been a special agent. He is no longer with the FBI. but did not resign on his own. I spoke with his former supervisor and the office's principal legal advisor, who suggested we contact the Bureau's JFK task force for FBIHQ's for any additional information as they will not say anything else about him or his case. What is the best way to handle our inquiry to FBIHQ?
